

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 3.

MARYVILLE, MISSOURI, MONDAY, JULY 8, 1912.

NO. 30.

IS A FINE SHOWING

STATE BOARD SENDS OUT ENCOURAGING REPORT ON CROPS.

"KING CORN" FINE SHAPE

Crops of All Kinds Are in Good Condition, According to the Report.

The following report showing Missouri crop conditions on July 1 was issued Saturday from the office of T. C. Wilson, secretary of the state board of agriculture at Columbia:

Splendid is the showing made by practically all crops, especially during the latter half of June. The first half of the month was cool for corn, but weather conditions, as a whole, have been good and in pleasing contrast with those of a year ago, when fully 100 counties in the state were greatly in need of rain. Barring a few counties in the north central part of the state, where additional moisture would prove beneficial, and less than a half dozen counties in the extreme southeast section where rainfall has been above normal, there is practically no complaint as to excess or deficiency of rainfall. At Columbia the rainfall for June was 3.50 inches, as compared with 0.59 of an inch in June, 1911. Normal for June is 4.38 inches. Highest temperature recorded during June, 1912, was 89; lowest, 39.52; average temperature, 69; last June, 79. There has come but comparatively little complaint of insect pests, such as there is being confined largely to the work of the corn root-louse, and to chinch bugs which have appeared in a few counties along the southwestern border of the state.

Corn—Corn is clean and, now that it is no longer retarded by cool weather, is making a remarkable growth. The condition for the state is \$5.6; ten-year average, \$1.7. Final estimate as to acreage is 192.4 as compared to last year's crop of 7,554,242 acres. Stand as compared with normal is given as \$9.6.

Wheat—Wheat made a marked improvement during the thirty days immediately preceding harvest, notwithstanding the prevalence of some rust in a few counties. Final report on condition shows 75.8; one month ago, 64.2. It is estimated that 74.4 per cent of the crop seeded last fall will be harvested. It now develops that it would have paid to let stand some wheat that was plowed up. Abandoned acreage in 1910 was 13.9 per cent; in 1911, 3 per cent. Harvest is later than usual, but weather has been favorable. It is estimated that 50 per cent of the wheat had been cut July 1; last year, 96 per cent; 1910, 23.2 per cent, the two years representing decided extremes. Quality of new grain is good—91.6—but the straw is soft and not inclined to stand. A preliminary estimate as to yield places it at 12.4 bushels; last year's preliminary figures, 14.8. The original 1912 wheat acreage was 2,170,243 acres, an increase of 5.6 per cent over the preceding year. From this must be deducted 25.6 per cent abandoned this season.

Oats—Where a month ago many fields of oats gave little promise of being tall enough to harvest with binder there is now a bountiful crop. Condition is 93.8; one month ago, 83.4; one year ago, 41; two years ago, 98.1. Acreage is 79.4 compared with 1,143,753 acres seeded in 1911. However, of that crop only 529,188 acres were harvested.

Will Go to Illinois.

Mayor Arthur S. Robey and sons and his brother, W. L. Robey, will leave Tuesday evening for Neoga, Ill., where they will visit their sister, Mrs. Martha Baker, who is very sick. Before their return home they will also visit their mother, Mrs. Ella Robey, at Stewartson, Ill. Mayor Robey expects to be gone about ten days, and Frank Ewing, president of the council, will act as mayor.

Tourists to Denver.

Mr. and Mrs. Lee and Mr. and Mrs. John Chambers of Greenfield, Ia., auto tourists, stopped in Maryville Monday morning at the Linville hotel for breakfast. They are on their way to Denver, Col.

DO YOU NEED GLASSES?

Glasses Accurately Fitted by expert Optician. Repairs Promptly Executed at CRANE'S.

LAYMEN'S MEETING AT BOLCKOW.

Baptist Men of Northwest Missouri Will Gather There Saturday Evening.

Rev. Lee Harrel of the First Baptist church of this city announced Sunday that there would be no preaching services at that church the coming Sunday, on account of the Baptist laymen's meeting with the church at Bolckow, convening Saturday, which quite a number of men from the Maryville church will attend. There promises to be a large attendance from the Northwest Missouri district. Following is the program:

Saturday evening, A. L. Earnest, presiding.

7:30 p. m.—God's Plan for Saving a Lost World, H. B. Harris, St. Joseph, Mo.

8:00 p. m.—An Aroused Church at Home—(a) The Sunday School, O. V. Sells, Savannah; (b) Young People's Society, J. J. Bullock, St. Joseph; (c) Woman's Work, C. E. Betts, St. Joseph. Laymen's Work, E. E. Tower, St. Joseph.

Sunday morning, E. T. Tower, presiding.

9:30 a. m.—The Sunday School—(a) Enlisting the Church in the School, J. J. Bullock, St. Joseph; (b) The Teacher's Source of Enrichment, A. L. Earnest, St. Joseph; (c) How to Hold the Boys and Young Men in the School, C. E. Betts, St. Joseph.

10:30 a. m.—A Challenge From High Heaven, J. S. Whittinghill, St. Joseph.

11:00 a. m.—Baptist Opportunity in Northwest Missouri, Minetry Jones, St. Joseph.

Sunday afternoon, H. B. Harris, presiding.

2:00 p. m.—Problem of Church Work—Interesting, Careless and Indifferent Members in the Work of the Church, Charles Hyslop, Maryville.

2:30 p. m.—How Can I Make My Church Greater—(a) Spiritual Force, L. J. Holt, J. M. Townsend Bolckow; (b) Missionary Force, Minetry Jones, St. Joseph; (c) Attracting Force, C. M. Bennett, Maryville.

3:00 p. m.—Problems of Church Finance—(a) In the Country, J. S. Whittinghill, St. Joseph; (b) In the Town, L. W. Craig, Bolckow.

Sunday night, Minetry Jones, presiding.

7:30 p. m.—The Layman in Soul Winning, A. L. Earnest, St. Joseph.

8:00 p. m.—A Consecrated Life, E. Alden, St. Joseph.

8:30 p. m.—Fellowship and evangelistic meeting.

BARNARD WON ONE-SIDED GAME.

Defeated Maryville Ball Team Sunday Afternoon at Riffe's Park.

Barnard won the ball game Sunday by the score of 13 to 6, according to Manager Nusbaum. The game was loosely played by Maryville, as four or five of the regular members of the team were out of the city. It was necessary for Manager Nusbaum to pick up several men to fill out the team. Hopper and Clark were the battery for Maryville.

CHILD BADLY BURNED.

The Two-Year-Old Daughter of Byron Kemper of Near Clyde Playing With Matches.

The 2-year-old child of Mr. and Mrs. Byron Kemper, living three and a half miles northwest of Clyde, was badly burned Monday morning about 8 o'clock while playing with matches in an upstairs room of the Kemper home. Her clothing caught fire and the flames were put out by her mother. Dr. Stuckle of Clyde attended her and says that she is in a critical condition, nearly half of her body being burned.

WILL TEACH IN COLLEGE.

Miss Myrtle Sheldon Elected to Voice Department of Woodson Institute at Richmond.

Miss Myrtle Sheldon, daughter of Mr. and Mrs. E. B. Sheldon of this city, has been elected to the position of voice instructor in Woodson Institute, the South Methodist college at Richmond, Mo., and has accepted the place. Miss Sheldon is well trained for such work. She is a graduate of Howard-Payne college at Fayette, Mo., in the classic, music and vocal courses and has had successful experience in concert work with Howard-Payne college quartet.

Mr. and Mrs. W. C. Baker and little daughter, Winifred, of St. Joseph arrived Saturday night on a visit to Mrs. Baker's parents, Mr. and Mrs. William Langan.

Professor and Mrs. Ira Richardson went to Barnard Saturday morning to visit Mr. and Mrs. Schuyler Shields.

PRINCIPAL CHOSEN

PROF. WESTBROOK OF DONIPHAN GETS POSITION IN SCHOOL.

AN EXPERIENCED TEACHER

Has Been Superintendent at Doniphan and Princeton—Manual Training Teacher to Be Selected.

At a meeting of the school board held Monday morning, Prof. Wellington M. Westbrook was selected as principal of the Maryville high school at a salary of \$1,200. Prof. Westbrook was superintendent of the schools at Doniphan, Mo., last year, and before that time was at Princeton, Mo. He has had several years' experience as a teacher.

Prof. Westbrook is a graduate of William Jewell college of Liberty, Mo., and is now attending the summer term of the state university. He is 30 years old.

The annual report of James B. Robinson as treasurer of the board was accepted and will be published in the papers.

The board will meet again on Wednesday night, when plans will be discussed about some repair work on the school buildings. They will also select a date for the opening of the schools.

The only vacancy now remaining in the faculty of the high school is a manual training teacher. The board will probably employ one at their meeting Wednesday.

CRITICIZED PRESENT ATTITUDE.

Rev. Hayden Spoke at Presbyterian Church on "The New Vision of the Church."

A problem of the most vital religious and sociological importance to this country was presented to the congregation of the Presbyterian church Sunday morning by Rev. Joel B. Hayden, in his sermon, "The New Vision of the Church."

Rev. Hayden criticized the present attitude of the church, with its total indifference to the social conditions of the laboring class, especially the ignorant immigrant peoples, resulting in indifference to the church and dangerous social radicalism on their part.

The new vision of the church, the movement in which Mr. Hayden is a pioneer, sees and recognizes the common brotherhood of man. The Presbyterian board of home missions, in selecting men to begin this new work, chose Mr. Hayden as one of two men from all the graduates of the Presbyterian theological schools this spring. Mr. Hayden and his companion, formerly Miss Hazel Petty, will spend the next two years in Poland, studying the conditions of the Slavic people. Their purpose will be to find out what religious influences those people are under in their own country, whether they are an agricultural or industrial people, what they do for recreation and amusement, what influence the home-life has on the head of the family; that is: whether the husband stays at home with his family or seeks amusement away in company with other men. Then the two will return to this country and work among the Slavs of our large cities. They will try to make the surroundings suit the needs and temperament of these immigrants, see that they are employed in familiar trades, educate them in the customs of this country, and give them agreeable religious influences. And as to this last, it is Christianity and not denominationalism for which they are working.

A movement such as this is a great work, and Mr. Hayden and his fellow worker are just starting it. But as it grows and more men are sent out and other churches take it up, it should prove to be one of the greatest of factors toward solving the industrial and social problems of the United States.

On a Visit Here.

Dr. L. C. Allender of Atlantic, Ia., arrived in the city Sunday for a two days' visit here with his parents, Dr. and Mrs. J. C. Allender, and to also join his wife, who has been visiting in the city with her parents, Dr. and Mrs. Wm. Wallis, Sr. They will return to Atlantic Monday evening. Dr. Allender is well pleased with his new location.

Took Daughter Home.

Mrs. G. W. Fencil of Holton, Kan., who has been visiting her daughter, Mrs. Vern Wallace, returned home Saturday morning, accompanied by Mrs. Wallace and her little son, who will spend the summer with her.

NO SKIDS FOR HIM

JUDGE MORRIS WON'T TRAVEL OUT OF OFFICE THAT WAY.

HE MAKES FEW REMARKS

Thinks Members of City Council Who Live in Glass Houses Should Not Indulge in Stone Throwing.

At the city council meeting to be held this evening the ordinance abolishing the office of police judge will come up. There is some question now as to whether the ordinance will be adopted, as it will be seen by the statement from Police Judge Morris, being an explanation of the matter, which follows:

Editor Democrat-Forum: I see an article in your paper of Saturday, July 6, 1912, which, in my judgment, does me a great injustice, and would not have been published if the writer had been familiar with the facts in the case. In regard to my not being able to qualify on account of being delinquent on taxes, I will say that my attorneys and myself were very careful to take every advantage of all little technical points that might arise in the police judge squabble.

My attorney, Mr. Robinson, is ready to make affidavit at any time that when he called on the city collector to find out whether I was owing the city any taxes or not that the collector, after looking the matter up, told him there were no taxes on the book against me. This was prior to the institution of the suit in the circuit court against the city council compelling them to issue my commission.

My commission was finally issued and I did qualify, and now hold the office of police judge.

We certainly cannot be held responsible for the mistakes of other officials.

The first I knew of there being any back taxes against me was July 3rd, when I called at the collector's office to pay my vehicle license, and was informed then by him that there was a little back tax against me for the year 1908. I looked up my receipts and found my receipt for that year for my taxes on real estate, but the personal tax, if included, was not marked personal. I immediately called on the collector and paid the amount claimed, and now hold his receipt.

With this statement you may draw your own conclusion in the matter. I have no fight to make on the members of the city council, more than if they gave out the statements that were published in the papers Saturday they did it through ignorance of the facts.

The fact is, that the majority of the members of the city council are in no position to take up these technical points of law, from the fact that they have not complied with the requirements of the same in filing their affidavits of expenditures in the election.

We are credibly informed that Mr. Ewing and Mr. Moyer are the only members of the present city council that have ever filed such statements; the penalty for the violation of same being a one thousand dollars fine and disqualification of office.

We simply call attention to these facts as a hint that people living in glass houses should not throw stones. As was stated in one of the papers Saturday, the city council may, by their actions tonight, place the skids under the police judge, but it is a question of law whether or not the police judge will ride out of office on them before his commission expires.

Very respectfully,

J. W. MORRIS.

Police Judge

Will Return to Mississippi.

Miss Maud Sheldon returned home Saturday night from Columbus, Miss., where she has charge of the millinery department for a department store. She will return to her position in the early fall. Miss Sheldon stopped in St. Louis on her way home and visited at the home of Mr. and Mrs. F. A. Rowley.

To Reside in Omaha.

Merrill J. Alderman left Sunday for Omaha, Neb., where he will reside, being secretary of the Nebraska Blue-Gas company, with headquarters in that city. Mrs. Alderman will join him in a week or so. Mr. Alderman disposed of his stock in the Alderman Dry Goods company recently to J. D. Frank of this city.

Returned From Vacation Visit.

Miss Mabel Hunt returned Sunday from a ten days' vacation visit with friends at Greenwood and St. Joseph.

MEU LAQUET.

To Be Given at the Baptist Church by the Commercial Club Tuesday Evening.

A large attendance of the members of the Commercial club will be present at the club dinner to be given Tuesday evening in the basement of the Baptist church. This dinner will be served by the Ladies' Aid society. The following is the menu:

Fruit Frope.
Chicken with Gravy.
Cold Sliced Tongue.
New Potatoes. Peas.
Salads. Pickles.
Ice Tea.
Ices. Cake. Coffee.
Etceteras.

WRITES ON ALFALFA.

S. M. Jordan Tells How to Raise a Crop in This County.

In an article in the Missouri Farmer, written by S. M. Jordan, manager of the Pettis county bureau of agriculture, he tells how to raise alfalfa. The following is the article as sent to this paper:

The seed bed—This is one of the highly important things in securing a stand and in maintaining it the first winter. Plowing should be done as far ahead of sowing as possible. In most soils deep fall plowing is preferable. If the ground was plowed in the spring it is commonly best not to re-plow in summer, where summer seeding is done. If plowing is done between July 1st and the time of seeding the ground should be thoroughly disced first, in order to avoid having clods on the seed bed bottom. These clods allow space that will fill with free water, making the plants more likely to freeze out in winter. The alfalfa seed bed should be well compacted on the bottom and perfectly pulverized on top. Where spring breaking was done and the land put to oats or to cow peas the disc harrow is commonly sufficient to work up the seed bed. I never knew too much work to be done on the seed bed.

The seed—Sow only prime seed. Have this tested for purity and for germination. Southern grown seed should be strictly avoided as it cannot withstand our severe winters. Seed from irrigated fields is not considered very safe.

At least twenty pounds of seed that test not less than 88 to 90 per cent germination should be sown. It is commonly best to sow half the seed going say north and south, and the other east and west, as in this way one is more likely to get an even stand. If seed is broadcasted a light harrowing should follow. Seed to be tested may be left at this office—no cost for testing.

Inoculation of the soil—The soil must be inoculated or the alfalfa will die in a year or so. Soil from a successful alfalfa field or from the roadside where bakara or sweet clover is growing is best. Take the soil from near the surface and sow as grain at least from 100 to 500 pounds of the dirt per acre. This is best done on a dark or cloudy day, and as soon as sown the ground should be disced. Bright light or sunshine may kill the bacteria.

A rich soil—Don't try to start alfalfa on a badly cropper, foul or worn-out soil. If the land is not rich make it so before attempting to grow alfalfa.

Sweeten the soil—So far as my tests have shown, practically all our Pettis county soil is more or less acid and alfalfa cannot grow in an acid soil. The test is simple and easily made.

How to sweeten the soil—Scatter before seeding at least 1,000 pounds of lime or 2,000 pounds of crushed limestone per acre. If your soil is sour and you do not sweeten it your efforts will be lost.

When to sow—From the middle of August to the middle of September is perhaps best. The earlier in the period the better, if weather conditions will justify. To sow as soon as the ground is right after a rain is better than just ahead of a rain unless it should so happen that the crust formed could be broken before the alfalfa was sprouted much, but this weather condition cannot be determined ahead of time.

Drainage—Keep in mind also that the land must be well drained—avoid "seepy" spots on hillsides.

The right sort of seed in the right sort of a seed bed in rich, sweet, well drained, inoculated land will surely mean success.

For further literature on alfalfa address the college of agriculture, Columbia, Mo., or the state board of agriculture.

Struck Marsh Gas.

On the first well at the Craig farm, which is being drilled by the city, marsh gas was found.

TO SHOW THE WORK

EDUCATIONAL MUSEUM TO BE ESTABLISHED AT THE NORMAL.

FOR PERMANENT EXHIBIT

Samples of the Work of the Schools of the Nineteen Counties of the Normal District to Be Displayed.

Steps have been taken to establish an educational museum in the Normal school. It will be known as the Northwest Normal district educational museum. A large and elegant room on the fourth floor has been set apart for the purpose and the head of the art department is the curator of the museum. An executive committee composed of J. H. Eckleberry, chairman; I. J. Voglesang, Miss Harriet Day, Miss Mattie Minter, Miss Anna Taggart, and President Taylor, ex-officio, has formulated the regulations for the museum.

The purpose of the exhibit will be to furnish a permanent place for the display of educational work done by the public schools of the northwest district. Any public school in the district may enter an exhibit, upon certification of the teacher as to the authenticity of the work done. Entrance blanks will be sent out to teachers for giving name, age and grade of pupil doing the work. When any piece of work is accepted and placed in the museum a certificate of award and merit will be sent the pupil doing the work. Thus it is proposed to show by counties and schools an exhibit of the character and extent of the work done in the district.

Cabinets and screens will be arranged for each of the nineteen counties in the district, and each piece of work will also be labeled with the name of the school where the work is done. Workmen will be put to work in a few days to get the museum in readiness for the fall term of the schools.

This museum will be of great educational value to students and teachers and of much interest to visitors. A book for registration will be kept at each county exhibit in the museum in which visitors can register their names.

PROSPECTING FOR OIL.

In the First Well They Are Down a Depth of 45 Feet—Struck Water and Rock.

Actual work started Saturday to prospect for oil at Hopkins. The first well was down to a depth of forty-five feet, water being struck eight feet down and rock at twenty-five feet. The intention is to go 2,000 feet down unless oil is struck before that depth. The first well dug on the Sheeley & Evans property, just two blocks west of Hopkins. A. C. Mendenhall of Chanute, Kan., has the contract to sink the wells.

DENVER AUTOISTS TUESDAY.

Scheduled for Monday, But a Day Behind—Will Be Met by Maryville Party.

The Denver automobile party, composed of the governor of Colorado and the mayor of Denver, with members of the Chamber of Commerce club of that city, will not be in Maryville until Tuesday, as they have gotten a day behind in their automobile schedule. They were scheduled to be in Maryville on Monday afternoon.

A party of Maryville men will meet the Denver party at Tarkio on Tuesday and will escort them to the city. Only a few minutes' stop will be made here. The autoists will proceed to St. Joseph, where they will spend the night. A number of members of the St. Joseph Automobile club will meet the Denver party at Maryville and will pilot them to St. Joseph. In the party from St. Joseph will be R. T. Forbes, W. P. Fulkerson, W. S. McLucas, W. W. Head, J. D. Richardson, Van Hall, E. C. Eads, J. Armstrong, E. T. Rhodes, E. A. Grassfield, C. Ashton, M. H. Reed, E. M. Lindsay, J. E. Corby, Carl Schmidt, J. G. Leslie, W. L. Goetz, F. L. Banes.

THE WEATHER

Unsettled weather with probably scattered local thunder showers to-night or Tuesday; not much change in temperature.

I wish to announce that I will be a candidate for county treasurer on the Democratic ticket, subject to the primary election in August.

SAMUEL H. WILLIAMS.

This paper is authorized to announce that E. F. Wolfert of Maryville will be a candidate for the Democratic nomination for county treasurer, subject to the decision of the primary in August.

We are authorized to announce Jesse B. Joy of Elmo as a candidate for the Democratic nomination for County Treasurer, subject to the August primary.

We are authorized to announce that Judge H. H. McClurg of Union township is a candidate for the Democratic nomination for county treasurer, subject to the decision of the August primary.

We are authorized to announce that Amos Sprecher of Maryville is a candidate for the Democrat nomination for county treasurer subject to the decision of the August primary.

For Sheriff.

We are authorized to announce that Ed Wallace of Atchison township will be a candidate for the Democratic nomination for sheriff of Nodaway county, subject to the decision of the primary in August.

We are authorized to announce Luke P. Colvin as a candidate for sheriff, subject to the decision of the Democratic voters at the August primary.

We are authorized to announce that Dudley Rice of Hughes township is a candidate for the Democratic nomination for sheriff of Nodaway county subject to the decision of the August primary.

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Martin H. Borrsch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

With the death of William L. Watkins, on Saturday, editor and owner of the Chillicothe Constitution, Missouri loses one of her best newspaper men. He always stood for what was best for the people and their interests.

Moving to Maryville.

Mr. and Mrs. R. C. Seal, who have been making their home in St. Joseph for nearly a year past, are returning to Maryville to live. Mr. Seal is traveling for a wholesale grocery house of St. Joseph in this section and his territory is such as to enable him to spend each night in Maryville. Mrs. Seal will arrive in Maryville Monday night and will be at the home of her parents, Mr. and Mrs. C. L. Wright, until they secure apartments.

WAR DECLARED.

Catarrh Germs Must Be Conquered or Health Will Be Destroyed.

If you have catarrh you must vanquish an army of persistent, destructive microbes before you can get rid of it.

You might as well choose your weapons, declare war and annihilate this army of catarrh germs right now. Stomach dosing won't kill them; neither will sprays or douches.

Hyomel, a pleasant, antiseptic germ destroying air breathed over the entire membrane will put catarrh germs out of business in short order. Hyomel (pronounce it High-o-me) is guaranteed by the Orear-Henry Drug company to end catarrh, asthma, bronchitis, coughs, colds and croup or money back. If you own a little Hyomel hard rubber pocket inhaler you can get a separate bottle of Hyomel for only 50 cents. If you haven't an inhaler buy a complete outfit that only costs \$1.00.

On Trip to Indiana.

Jesse B. Alumbaugh, who has recently located in Maryville, and lives at 1102 East Thompson street, left Saturday night for Indiana on a business trip. He will look after his fruit farm near Anderson and other business at Morgantown. He will also visit his old home at Crawfordsville, where he has land interests, and will remain there and build an eight-room modern residence, which he will have in readiness for his family this fall or early next spring. Mr. Alumbaugh is 75 years old and is in the best of health. He says he wants to build one more house in which to spend his declining years.

Kansas Visitors Here.

Mr. and Mrs. John Dempsey of Kansas City are visiting Maryville friends.

News of Society and Womens' Clubs

Mrs. Sanders Will Entertain.

Mrs. R. G. Sanders has issued invitations for Wednesday afternoon, complimentary to Miss Grace O'Malley of Albany, who has been her guest for several days, and Miss Retta Sanders and Miss Jessie Ludwig of St. Joseph, who will arrive tonight.

Monday Evening Luncheon.

Mrs. Luther Forsyth will give an informal luncheon Monday evening in compliment to their cousin, Miss Malda Michau of St. Joseph, the company including the relatives: Miss Michau, Mrs. Lavencour Michau, Mr. and Mrs. Edward L. Townsend, Mr. and Mrs. Ferdinand Townsend.

Visited New Engelberg Abbey.

Miss Lou Cunningham, Miss Maybird Parrish, Miss Emma Jane Crandall, Miss Eva Stubbs and Mr. Mark Basford went to Conception Sunday morning, where they were joined by Miss Helen Purcell, Dr. Clyde Todd, Mr. Clarence Lierly, Mr. Galen Lewis and Mr. Russell Wilson, and all went to New Engelberg Abbey church at Conception and spent the remainder of the day visiting the beautiful buildings there.

Visitors at Whitney Home.

Dr. and Mrs. A. H. King of Coim, Ia., and Mr. and Mrs. James Coursen of Marengo, Ill., were all-day visitors Sunday at the home of Mr. and Mrs. Harry Whitney. Mrs. King is a sister and Mrs. Coursen a cousin of Mr. Whitney. Mr. and Mrs. Coursen were schoolmates of Mr. Whitney's back in Illinois, and they had not met before in forty-three years, and although Mr. Whitney's blindness forbade seeing the faces of his old schoolmates, their voices and the stories of old school days were delightful to him and his guests, and their faces came back to him in memory and he lived the old days over with as much pleasure as they.

Reunion of Lyle Family.

The annual reunion of the descendants of Hugh Lyle, who was a pioneer resident of Nodaway county, was held Sunday in the grove of the old Lyle home, built in the forties, four and one-half miles east of Graham. The place is now occupied by a grandson, Samuel Lyle, and family. The reunion was held a little earlier than usual because of the near departure of Fred Lyle and his family for Houston, Texas, near where they will locate, and of Hutchison Lyle and his family for Colorado Springs, Col., who are here on a visit and will soon return there to make it their permanent home, having just completed a year's trial residence there.

For Out-of-Town Guests.

Mrs. George P. Bellows gave an informal card party Monday afternoon for the pleasure of Miss Grace O'Malley of Albany, who is the guest of Mrs. R. G. Sanders, and Miss Malda Michau of St. Joseph, the guest of the Townsend, Michau and Forsyth families. Mrs. Bellows' guests included, among others, some of the members of the Entre Nous club, of which Miss O'Malley was a member during her residence in our city two years ago, others having also moved from the city. Those present were Miss O'Malley, Miss Michau, Mrs. Ferdinand Townsend, Miss Laura Barmann, Miss Marie Brink, Miss Elise Jackson, Miss Maud Bainum, Miss Anna Bainum, Miss Brownie Toel, Miss Kittle Grems, Miss Rena Sturm, Miss Grace Sturm, Miss Esther Shoemaker, Miss Hazel Ritchie, Miss Helen Welch.

Met With Miss Ethel Cook.

The Berean class of the M. E. church, South, Sunday school met Sunday afternoon at the home of Miss Ethel Cook, south of Maryville, complimentary to Miss Alpha Hinkle, a Conservatory student and member of the class, who will soon return to her home. A short business session was held, when the class decided to give an ice cream social on the court house lawn, Thursday night, July 18. After a program of readings by Misses Cassie Abshire, Benoba Wrightman and Lettie Chappell and piano numbers by Misses Alpha Hinkle and Ethel Cook, and a vocal duet by Misses Beulah Abshire and Ethel Cook, games were played and refreshments served, when Miss Dora McKenzie took several pictures of the class. The class will meet again in three weeks with their teacher, Miss Eva Ashford. Those present Sunday afternoon were Miss Ashford, Misses Alpha Hinkle, Cassie, Mattie and Beulah Abshire, Dora McKenzie, Alice and Lettie Chappell, Neta Bagby, Zenoba Wrightman, Ethel and Mabel Cook.

Brought to Hospital.

Bert Moore of Clearmont was brought to St. Francis hospital Monday by his physician, Dr. W. B. Heryford. He is suffering from an attack of appendicitis.

Nodaway Chautauqua

Normal Park--Maryville, Mo.

AUGUST 10 to 18, 1912

THE assembly this year is the first under the management of THE NODAWAY CHAUTAUQUA ASSOCIATION. This association includes over 150 of the leading business men and farmers of the best county in Missouri. The program has been selected by the Program Committee of the Board of Directors, and promises to be the best ever given in Maryville. This Chautauqua merits the enthusiastic support of every citizen of Nodaway county. Season tickets will be placed on sale at the various stores in Maryville July 15th. These tickets will be sold for \$1.50 up to and including August 3. After that date the price will be \$2.00. Orders for tents should be placed at once with the manager. Remember the rush for tents last year and the inability of the management to supply the demand. If you want to be sure of getting a tent, order now. The program books are now on the press and will be out soon. Send postcard for booklet. Orders for tents or tickets should be addressed to

P. O. LANDON, Manager

W. M. OAKERSON, Pres.

OPERATION WAS FATAL.

Son of Rev. A. M. Reynolds of St. Joseph Died in Kansas City Hospital Friday Afternoon.

Mrs. W. J. Staples and son, Harold Staples, went to St. Joseph Sunday morning and spent the day with Rev. and Mrs. A. M. Reynolds at their home in Maxwell Heights. Their son, Earle Melville Reynolds, died in the University hospital at Kansas City Friday afternoon, following the operation of trepanning of the skull, made necessary by an injury the young man received while in the U. S. naval service a few years ago. Mrs. Staples remained for the funeral services, which were held at the family home Monday afternoon at 2 o'clock, conducted by the Rev. D. A. Shetler and the Rev. D. M. Claggett, Presbyterian ministers of St. Joseph.

Earle Reynolds was 24 years old. He was born in Columbus, Kan., and was educated in the schools of Maryville, where his father, Rev. A. M. Reynolds, was pastor of the First Presbyterian church for several years, and then in the Topeka, Kan., and later St. Joseph high schools, where he was graduated, his father being pastor of Calvary Presbyterian church of St. Joseph at that time. The young man is survived by his parents and a sister, Mrs. A. S. Buck, who lives at 3512 East Twenty-third street, Kansas City.

Protection from loss by windstorms, fire or lightning is business, either in country or city. You owe it to yourself and family. Consult me now for special rates and terms, or phone me and I will call.

CHARLES HYSLOP,
General Agent.

The Greeson Funeral.

The funeral services for the Rev. John W. Greeson, who died Friday evening at the home of his son, George W. Greeson, southwest of Maryville, were held Monday afternoon at 2:30 o'clock at the First Baptist church of this city, conducted by the pastor, Rev. Lee Harrel. The burial services were conducted by the Masonic lodge of this city.

PILES! PILES! PILES!

WILLIAMS' INDIAN PILE OINTMENT
Will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief.

WILLIAMS MFG. CO., Props., Cleveland, Ohio
For sale by Orear-Henry Drug Co.

Continued Sale of Household Goods

Have a few articles of Household Goods for sale yet, including folding bed, No. 1 sewing machine, china closet, dresser, dining table, carpet and various other articles; wish to close out; come and buy them at your own price. Same place.

O. A. Dodge.
Per J. N. Bryan.

DR. WOODSON'S APPLES.

Says His Crop Will Not Be as Big as Last Year, But Fruit Will Be of Better Quality.

Dr. C. R. Woodson, who last year picked 200 car loads of apples from his orchard, near Agency, said this morning that his trees this year will yield about two-thirds as large a crop as last. The apples will be larger than last year, but there will not be so many of them.

"It would be very unusual if the crop this year was as good as that of last," he said, "and I consider myself fortunate to get as many as are now in sight. My orchard is in the pink of condition, well cultivated, and the trees are well pruned, and have been thoroughly sprayed three times.

"I shall install an evaporating plant and cider mill, with a capacity of 500 bushels a day, with a view to taking care of windfalls in my orchard, and those of my neighbors. I expect to have them in working order by the middle of next month."

Clearmont Won.

In the base ball game Sunday afternoon at Clearmont between that team and Hopkins, Clearmont won by a score of 4 to 3.

Here on Business.

Mrs. W. H. C. Davis of St. Joseph was in Maryville Monday afternoon on business. Mrs. Davis is the widow of Dr. W. H. C. Davis, who died recently in St. Joseph.

Jeff Garrett is the new proprietor of the barber shop in the basement of the Nodaway Valley bank building.

For Sale or Trade.

320 acres near Melrose, New Mexico, a good live town of 1600. Owner too old to work. Will trade for Maryville business or property. See John Hansen.

MISSOURI'S SCHEDULE COMPLETE

Tigers Will Play Eight Football Games, Five at Home.

Columbia, Mo., July 6.—Practically all arrangements have been made for the University of Missouri's football games this fall. The schedule has been made out, all the contracts have been signed and a tentative list of officials has been chosen for each game. Five men have been picked for each game, out of which the referee, umpire and head linesman will be chosen.

It was feared that one game on the schedule—that with Nebraska—might have to be cancelled. Michigan university wanted a game with the Cornhuskers on the same day Missouri asked for, but Nebraska gave the date to the Tigers in preference to the Wolverines.

The schedule for the Missouri team calls for eight games, all but the first two hard ones. The schedule is as follows:

September 28—Central at Columbia.
October 12—Rolla at Columbia.
October 19—Ames at Columbia.
October 26—Oklahoma at Norman.
November 2—Nebraska at Columbia.
November 9—Drake at Des Moines.
November 16—Washington at Columbia.
November 23—Kansas at Lawrence.

Vehicle Tax

The vehicle tax, as provided by ordinance 544, including all vehicles operated in the city, from the big automobiles to the pony cart, is in effect this first day of July and must be paid at once, as a heavy penalty is attached for non-payment.

J. G. GREMS,
City Collector.

Mrs. W. H. Totterdale and Mrs. Isabel Worst went to Milan, Mo., Saturday night to visit their sister, Mrs. Margaret Baleridge, until Wednesday.

Alderman Dry Goods Co.

A Once-In-A-Great-While Opportunity--

\$3 New American Lady Corsets for \$2.50

The virtues of the American Lady Corset need not be told here—their many good points are known by nearly every woman. American Lady Corsets sell at regular prices year in and year out except, as in this case, when some unusual cause forces a reduction.

The factory shipped us more \$3 corsets than we ordered and, consequently, we have more than we wish to carry. Rather than ship them back we have decided to reduce the price and dispose of them here.

Every corset is new and clean. The materials are coutil and batiste. About six different models to select from. Styles for slender, medium and stout figures; all sizes.

We offer this regular \$3 grade for a short time only—

\$2.50

\$2 Extra Large Bed Spreads for \$1.75

Honeycomb Bed Spreads in an extra large size, 81 by 90 inches. In two styles—cut corners with fringed edges, or scalloped. Regular \$2 grade, special for.....\$1.75

Wash Goods at 19c

This assortment of Wash Goods we are selling at 19c is the best wash goods value we have ever offered. Every piece is new; all the latest designs are included. The regular prices would be from 25c to 39c a yard—choice now for...19c

MUCH HEAT IN LORIMER DEBATE

McCumber, of North Dakota Indulges in Fiery Oratory.

BITTERLY ARRAIGNS REP. WHITE

Chairman Dillingham, of Investigating Committee, Says Illinoisan's Election Did Not Depend Upon Corruption.

Washington, July 8.—In a speech in defense of Senator Lorimer in the senate, Senator McCumber of North Dakota shouted oratorical fire.

"It would be political murder," he shouted, "if the senate should expel the statesman from Illinois."

Wrought up by the injustice, in his opinion, of the retrial of Lorimer, Senator McCumber declared that Lorimer would be morally innocent if he killed Representative Charles A. White.

The latter's offense was that he alleged in a confession that he had been paid money to vote for Lorimer. The only reason White was now alive, the North Dakota senator asserted, was because of the "patience and forbearance of the man he offended."

Jury Packed, He Says.

"This movement against Mr. Lorimer," declared Senator McCumber, "is dominated by public sentiment, and a trial on the law and the facts is impossible."

There could not be an unbiased verdict by the membership of the senate, he said. Members of that body had already gone on record with votes to the effect that Lorimer had been elected through the use of "corrupt methods and practices."

Chairman Dillingham of the investigation committee led off in the debate. He pointed out that a majority of the committee believed the election of Lorimer did not depend upon corruption of any kind. He asserted that Lorimer had great popularity in Illinois, but that in his political career he had aroused animosities.

Why Lorimer Was Popular.

Senator Lorimer's great activity in advocating the Lakes-to-the-Gulf Water way project was the medium, Dillingham insisted, through which he obtained his non-partisan strength. The movement, he said, was not political.

Senator Meyers of Montana made a vigorous argument favoring Lorimer's expulsion. He said such action would be justified by the law and the facts.

"There was only one thing lacking in the demonstration that followed Lorimer's election," Senator Meyers said. "The Stars and Stripes should have been removed from the flagstaff over the Illinois capitol building and the red flag of the auctioneer substituted for it. The red flag should flaunt there until the senate is purged of the presence of Senator Lorimer."

"It was a sign that something was wrong when Lee O'Neil Browne said he had 1,000 reasons for voting for Lorimer."

"I am satisfied that he did have one thousand reasons and that they were in his pocketbook. Each one bore the imprint of the American eagle and the motto: 'In God We Trust.'"

KANSAS WANTS HARVEST HELP

After Reports of Too Many Laborers, Come Calls From Many Counties Asking for More.

Topeka, July 8.—The Kansas free employment bureau is still very busy rustling hands for the harvest fields. This time last year the bureau was using every effort to keep harvest hands from coming to the state, the harvest being virtually over by the first of July, owing to the extreme dry and hot weather.

This year a peculiar run of circumstances has made one of the hardest of the history of the bureau.

Two weeks ago telegrams and letters were being received from various counties in the wheat belt instructing the bureau not to send any more harvest hands. Now calls are being made from nearly a dozen counties asking for more help.

White Slave's Suicide.

Guthrie, Ok., July 8.—Arrested on a "white slave" charge, his own wife being the alleged victim, Clyde McKenzie of Frederick committed suicide by drinking water in which he had soaked the heads of matches. When his case was called at Elk City for trial he became suddenly ill and soon died.

Four Dead in Timbermen's Riot.

Lake Charles, La., July 8.—Four men were killed and four wounded severely in a fight between union and non-union timber workers and guards employed by a lumber mill at Grabow, La., a mill town, 50 miles from here. The sheriff has been authorized to call out troops.

Long March Ends.

Sparta, Wis., July 8.—The provisional regiment of infantry which started on a 300-mile march from Dubuque, Ia., June 4, has just arrived. No speed records were broken in the 33 days travel, but much valuable information about new equipment and new tactics was gained.

OROZCO GAVE HIS ORDERS IN BED

Lazy, But Still Defiant, Will Start Guerrilla Warfare.

TO RAVAGE ENTIRE COUNTRY

Says He Will Leave Mexico Devastated and Desolate—Mutterings of Mutiny Among Rebel Troops.

Orozco's Headquarters, Sauz, Mex., July 8.—Still sullen and morose but none the less determined to continue in defiance of the constituted government, Gen. Orozco lolled in his bed, giving final orders of the inauguration of the guerrilla warfare, which he proposes to wage "until Madero is forced to resign."

Orozco admitted that he had finished with organized warfare.

"From now on we will fight, but after the manner of guerrillas," said he. "We will engage in no more pitched battles. We will leave behind us a region devastated and desolate."

Soldiers Dissatisfied.

Juarez, Mex., July 8.—Serious disorder prevailed in Juarez all night among the 2,500 troops mobilized here. Talk of a probable mutiny was frequently heard in the streets. Some of the soldiers objected to being sent away without a respite of at least several days here. Col. Pascual Orozco, Sr., in command here, says they will be forced to leave at once.

All gambling houses and saloons were closed at 6 o'clock as a precaution. Many of the troops intoxicated earlier, however, continued to quarrel in the streets.

Huerta Welcomed.

Huerta's Headquarters, Chihuahua, Mex., July 8.—Triumphantly Gen. Victoriano Huerta, commander-in-chief of the government forces in northern Mexico rode into the city of Chihuahua, just four months under rebel control.

The entry of Huerta's army reduced the high nervous tension under which foreign residents had lived ever since rebel reverses in this section began. The reaction found expression in a general welcome which was little less than an ovation.

Arrest American for Spy.

Juarez, Mex., July 8.—Morris Buttner, an American immigration officer, was arrested here accused of being a Maderista spy. He was released after Luther Edwards, the American consul, had conferred with Col. Pascual Orozco, Sr., in charge of the garrison. Buttner's business in Juarez had to do with checking Chinese immigration into the United States.

Lawyers on Strike.

Milan, July 8.—Attorneys here are on a strike, the first walkout of lawyers in history. Unable to obtain from the judges of Milan certain reforms in legal procedure that they desired, the attorneys called on the various magistrates and declared that not a single one of their number would appear in any court until their demands were granted.

Capital Water Plant Sold.

Jefferson City, July 8.—The Jefferson City waterworks plant was sold to an Eastern syndicate represented by J. N. Chester of Pittsburgh, Pa. The price is believed to have been \$159,000. This plant has changed owners three times in the last 15 months.

First New Wheat.

Arkansas City, Kan., July 8.—The Arkansas City Milling company purchased the first load of new wheat here. The price paid was 93 cents. The wheat was No. 2 hard and tested 61 to 62 pounds a bushel.

WOMAN'S LIFE SAVED BY HER DOG

Overcome by Flames, She Was Dragged From House Into Yard by Faithful Collie.

San Francisco, July 6.—Omega, a collie, saved the life of his mistress here by dragging her unconscious body from a burning bungalow.

Mrs. Van Daggett, owner of the dog, was in her room when the collie came dashing in and began tugging at her dress. She followed and on reaching the lower hall found the house in flames. She ran up to her room again to save some jewelry and was overcome.

When his mistress did not reappear Omega dashed into the house and dragged the unconscious woman to the yard.

Killed Mother as She Slept.

Washington, July 8.—Mrs. Mary E. Wehrkamp and her daughter, Katharine Wehrkamp, believed to have been related to the Knabe family, piano manufacturers, were found dead from asphyxiation. The daughter turned on the gas while her mother slept and then lay down to die.

Mine Explosion Kills Nine.

Reno, Nev., July 8.—Nine men were killed in the Nevada Consolidated mine. One or two were injured. The accident was caused by a premature explosion.

ALASKA IS AGAIN SEVERELY SHAKEN

Fairbanks Reports the Most Severe Shocks Ever Known.

ONE MAN SUFFOCATED IN A MINE

Tremors Recorded all Over the Country—Vibrations so Great Capacity of Seismographs Was Exceeded in Many Places.

Fairbanks, Alaska, July 8.—The most violent earthquake ever known here took place at 10 o'clock p. m., the earth rocking continuously for 40 seconds. Less violent shocks occurred throughout the night.

Louis Anderson, foreman of a mine on Dome creek, was killed as the result of the earthquake. He was suffocated beneath a huge slab of rock which the quake loosened from the roof of the mine.

Shakes Needle Off Paper.

Seattle, Wash., July 8.—Violent disturbances lasting from 12:01 to 2:06 a. m., were recorded on the seismograph at the University of Washington. The heaviest shock was from 12:06 to 1:15, with the most intense vibration of this shock between 12:06 and 12:15, at which time the needle ran clear off the paper.

Heaviest Ever Recorded.

Lawrence, Kan., July 8.—Heavy earth shocks 70 minutes in duration were recorded on the seismograph at the University of Kansas beginning at 1:16 a. m. The vibration marks of the heaviest part of the shocks were 3 1/2 inches across the instrument, the most violent known since installation five years ago.

Worst Since 1906.

Washington, July 8.—The heaviest earthquake shocks since the San Francisco disaster of 1906 were recorded on the seismograph at the Georgetown university observatory. The tremors continued from 3:07 until 5 a. m. The heaviest shock, at 3:41 a. m., threw two needles completely out of scale and registered 95 millimeters on another dial.

Lastest Over an Hour.

St. Louis, Mo., July 8.—The seismograph at St. Louis university recorded a disturbance of unusual endurance and severity, calculated to have occurred probably on the Alaskan peninsula. The instrument commenced recording at 2:05 o'clock. The vibrations continued unabated until 3:56 o'clock. The "curves" measured 16.5 millimeters at the point of greatest disturbance, being the longest since the instrument was installed three years ago.

CIVIC EXPERTS AT LOS ANGELES

Eighteenth Annual Convention of National Municipal League in Session.

Los Angeles, July 8.—Civic experts and publicists from all parts of the country are here for the eighteenth annual convention of the National Municipal league, which was opened today by Gov. Hiram Johnson of California. The sessions will continue until July 12. Mayor Alexander of Los Angeles made a welcoming speech and Dr. Albert Bushnell Hart of Harvard responded on behalf of the league.

In addition to its active membership of over 2,500 men and women, the majority of whom are prominently identified with local and national movements for the betterment of civic conditions, the National Municipal league has enrolled various associations, giving it a total membership exceeding 190,000.

"Expert City Planning" was the theme of an important address today by William Dudley Foulke, who succeeded ex-Attorney General Charles J. Bonaparte as president of the league. After the business meeting tomorrow Secretary Woodruff will discuss "Simplicity, Publicity and Efficiency in Municipal Affairs." This will be followed by a discussion on "Commission Government for Large Cities," led by Prof. William Bennett Monroe of Harvard university. In connection with this discussion, the proposed Los Angeles charter, which has been drafted by a commission and will be submitted to a popular vote next year, will be taken up. Los Angeles is the first of the larger cities to consider seriously the question of commission government.

An important feature of the convention is a civic exhibit treating of comprehensive city planning, traffic and transportation, harbor and terminal facilities, water supply, street systems, parks and boulevards, civic and social centers, school work, housing and sanitation, child welfare, civil service, municipal charters, municipal taxation and franchises.

Whist League Congress Opens.

New York, July 8.—The twenty-second congress of the American Whist League opened this afternoon at the Hotel Majestic, President Ellsworth Elliot, Jr., in the chair and the leading players of the game present from all parts of the country. Handsome prizes for the various contests have been provided, in addition to the regular trophies.

WOODROW WILSON, GOLFER

The Democratic nominee for the presidency is a good golfer, better, perhaps, than President Taft, and when not burdened with the cares of state golf is his favorite pastime.

CRIMINAL CHARGE IS DROPPED

DR. MAGEE TO BE TRIED ONLY FOR MISCONDUCT.

Prosecuting Attorney Believes Evidence Not Sufficient to Convict Fulton Asylum Physician.

Fulton, Mo., July 8.—John R. Baker, prosecuting attorney, has announced that he will dismiss the charge of criminal attack preferred against Dr. R. S. Magee, former chief staff physician of the Fulton state hospital, in the indictment returned by the Callaway county grand jury, when the case comes up for trial.

Dr. Magee will be tried on a charge of official misconduct named in an indictment returned by the same grand jury, but which was withheld until Friday, when it became apparent that the other charge would not hold. The decision to withdraw the attack charge was largely due to the doubt surrounding the insanity of Mrs. Jessie Cerovich, named in the indictment.

The woman was released as cured soon after Dr. Magee left the hospital and soon after the indictment was returned by the grand jury. It was pointed out that the defense would use the allegation that the woman was not mentally unbalanced at the time the alleged assault was said to have taken place.

Dr. Magee has arrived in Fulton from his home in Green City, Sullivan county. Sixty witnesses have been summoned for the trial.

FIRE COST PACKERS \$250,000

Twenty-Five Firemen Injured at Morris Plant—Three Hundred Men Temporary Idle.

Kansas City, Mo., July 8.—Twenty-five firemen were injured, one probably fatally and others severely, in a fire which did \$250,000 damage at the Morris & Co. packing plant. The fire was in the north part of the east main building. Entire companies of firemen were overcome by smoke and fell unconscious at their work. The packing house barn was converted into an emergency hospital with five doctors in attendance.

The building damaged is about 200x700 feet and six stories tall. The fire started in the northeast corner of the fourth in the leaf lard cooler. The lard cooler, the beef casing department, the fat and bone departments and the beef killing beds burned. Three hundred men will be out of work temporarily.

The fire is believed to have been caused by a hot motor.

S. C. Frazee, superintendent of the plant, said the building probably would be rehabilitated without delay.

MANY HEAT DEATHS IN CHICAGO

Ten Fatalities and Twenty-Two Prostrations Reported in One Day.

Chicago, July 8.—Temporary relief from the three-day hot wave came when a lake breeze caused the mercury to drop from 90 to 75 in a few hours. Later the breeze died out and the thermometer began rising again. There were ten deaths from the heat and 22 prostrations so far reported. Heat crazed dogs bit 15 persons.

Ask Electors for Statements.

Topeka, June 8.—Fred Stanley, the new Republican national committee man from Kansas, has written a letter to all the candidates for the Republican presidential electors asking them whether or not they would support Taft in case they were nominated. Nine Roosevelt and nine Taft men are on the Republican ballot.

Trolley Wreck Kills Three.

Marion, Ind., July 8.—Three persons were killed and more than a dozen severely injured in a head-on collision between two interurban cars on the Marion, Bluffton & Eastern Traction line here. The cause is unknown.

Yuan Knows His China.

President Yuan Shih-kai of the Chinese Republic is still the shrewd, careful, and diplomatic Oriental. A special cable dispatch from Peking describes Yuan's first presidential address and gives quite a pleasant thrill as it describes how the president of China has decided that the new republic must set aside the traditions of the empire and hire foreigners to place the new fiscal policy on a Western foundation.

So far, so good. But the farsightedness of Yuan in taking this apparently bold stand is seen to be largely "policy," for, after all, his new republic cannot get on without the aid of the bankers making the loan are carried out.

These terms provide for foreign "assistance," to say it diplomatically, in using the money when China receives it. So Yuan, after all, knows what he is about when he hails foreign advice in placing the fiscal scheme of China on a Western foundation.

Inventions of Esquimaux

A collection of Esquimaux inventions now on exhibition at the Atlantic colleges, San Francisco, substantiates the claim that the Esquimaux is the most able inventor and skilled engineer among uncivilized people. In support of this the collection includes the first form of the oil heater and cook stove, water-tight boat, arch used for building purposes, and waterproof overcoats, as well as the most perfect types ever developed of the fish spear, spear thrower and harpoon. The smoking pipes form a link with Asia and their carvings with prehistoric Europe.

Proper Point of View.

Secretary Wilson of the department of agriculture was praising in Washington the agricultural school at Cornell. "It is a practical school," he said. "It wastes no time on useless things. It teaches practical and scientific farming. The school's viewpoint reminds me of the young farmer who was asked: 'Which should you say—a setting hen or a sitting hen?' 'It's immaterial which one says,' the farmer answered. 'But it's tremendously material, on the other hand, that we should ask ourselves when a hen cackles—'Has she been laying, or is she lying?'"

Gunboat a Hoodoo.

The old gunboat Bennington, which was one of the early vessels of the new navy, and whose career caused her to be regarded as a hoodoo ship, is reported from California to have been sold to the Mexican government. It was while lying in San Diego harbor some years ago that one of her boilers burst, killing five of the crew and seriously wounding a score of others. Soon afterward she was sold for old junk, and the junk men, after removing her fixtures, endeavored to blow out her interior portions with dynamite.

Their Special Locality.

"Mom, the doctor says Cousin Sally has the shingles."
"Poor thing!"
"Mom, are they in the roof of her mouth?"

Saved the Canvasbacks.

The last duck that we saved from starving to death by the local trolley employes, who caught and fed them last winter, was shipped to New York city recently, consigned to one of the many parks in that city.

Some time ago three canvasbacks were shipped, but the one that was sent recently was not strong enough, so it was kept here longer. When the lake was closed by the ice last winter many of these ducks were frozen to the ice and others became so far famished that they were unable to fly. The trolley men running between here and Branchport when they saw the birds in such a condition took them to the power house and fed them. The majority were freed after the ice broke, up, but the four largest were shipped to New York city.—Penn Yan Correspondence Rochester Union and Advertiser.

Miss Edith Patterson and Miss Vesper Nicholas, State Normal students, were week-end guests of Mrs. Oscar Kennell, living north of Maryville.

ANSWERS THE CALL.

Maryville People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has cured thousands. Is Doan's Kidney Pills. Thousands of people rely upon it. Here is one case:

Rev. L. R. M. Beeson, Savannah, Mo., says: "I still have great faith in Doan's Kidney Pills and gladly confirm all I said in my endorsement of this remedy that was given two years ago. I have taken Doan's Kidney Pills and have found them very effective in toning up the system and removing trouble, caused by the kidneys. I can strongly recommend this preparation to all kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NO STORY HOUR TUESDAY

On Account of the Sickness of Miss Ada Albert.

Miss Ada Albert, who has been conducting the Tuesday morning story hour at the library, is still sick and will not be able to entertain the children Tuesday morning. Miss Albert is suffering from a nervous breakdown and was taken to St. Francis hospital Sunday evening. She will remain there this week, and hopes to be able to conduct the study hour a week from Tuesday.

Barco's Band.

It was Barco, Teddy Barco, playing on his horn. The horn was old and battered, with one key missing, every joint was wrapped with tape, and there was no mouthpiece; but that didn't worry Barco, for he could hum and sing through it just as well.

"Come on, Barco, give us a tune," someone said.

"Can't do it."

"Yes you can. Play for us and then pass the hat."

Barco played and passed the hat. His eyes sparkled, and there were two big dimples in his cheeks as he put 13 cents into his pocket. His audience was enthusiastic, too, and grew rapidly. Barco continued to play and pass the hat until he had 69 cents, then he started to leave.

"Come on, Barco, one more tune and you can have this nickel."

"Nope, got all the money I want—a whole handful."

"Play some more, Teddy, and we'll make it even 75 cents."

"Can't do it," and Barco went home.

Spoke at Normal Assembly.

Rev. S. D. Harkness of the Presbyterian church spoke at the assembly at the Normal Monday morning. He took for his subject "The Great Refusal." It was a very interesting talk. Another visitor at the Normal assembly was Rev. Joel Hayden.

To Go to Chicago.

Dr. G. A. Nash of this city and Dr. F. M. Ryan of Quitman will leave Monday evening for Chicago to spend a week resting and having a good time.

Normal Supplies, special prices at Crane's

Mr. and Mrs. Roland Wray and children of Pickering were in Maryville Saturday visiting friends and relatives.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 25 cents. Guaranteed by the Orear-Henry Drug Co.

Insect Bite Costs Leg.

A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Arnica Salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25 cents at the Orear-Henry Drug Co.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, as thousands have testified. **FOR KIDNEY, LIVER AND STOMACH TROUBLE** It is the best medicine ever sold over a druggist's counter.

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 3.

MARYVILLE, MISSOURI, MONDAY, JULY 8, 1912.

NO. 30.

IS A FINE SHOWING

STATE BOARD SENDS OUT ENCOURAGING REPORT ON CROPS.

"KING CORN" FINE SHAPE

Crops of All Kinds Are in Good Condition, According to the Report.

The following report showing Missouri crop conditions on July 1 was issued Saturday from the office of T. C. Wilson, secretary of the state board of agriculture at Columbia:

Splendid is the showing made by practically all crops, especially during the latter half of June. The first half of the month was cool for corn, but weather conditions, as a whole, have been good and in pleasing contrast with those of a year ago, when fully 100 counties in the state were greatly in need of rain. Barring a few counties in the north central part of the state, where additional moisture would prove beneficial, and less than a half dozen counties in the extreme southeast section where rainfall has been above normal, there is practically no complaint as to excess or deficiency of rainfall. At Columbia the rainfall for June was 3.50 inches, as compared with 0.59 of an inch in June, 1911. Normal for June is 4.38 inches. Highest temperature recorded during June, 1912, was 89; lowest, 59.52; average temperature, 69; last June, 79. There has come but comparatively little complaint of insect pests, such as there is being confined largely to the work of the corn root-louse, and to chinch bugs which have appeared in a few counties along the southwestern border of the state.

Corn—Corn is clean and, now that it is no longer retarded by cool weather, is making a remarkable growth. The condition for the state is 85.6; ten-year average, 81.7. Final estimate as to acreage is 192.4 as compared to last year's crop of 7,554,242 acres. Stand as compared with normal is given as 89.6.

Wheat—Wheat made a marked improvement during the thirty days immediately preceding harvest, notwithstanding the prevalence of some rust in a few counties. Final report on condition shows 75.8; one month ago, 64.2. It is estimated that 74.4 per cent of the crop seeded last fall will be harvested. It now develops that it would have paid to let stand some wheat that was plowed up. Abandoned acreage in 1910 was 13.9 per cent; in 1911, 3 per cent. Harvest is later than usual, but weather has been favorable. It is estimated that 50 per cent of the wheat had been cut July 1; last year, 96 per cent; 1910, 23.2 per cent, the two years representing decided extremes. Quality of new grain is good—91.6—but the straw is soft and not inclined to stand. A preliminary estimate as to yield places it at 12.4 bushels; last year's preliminary figures, 14.8. The original 1912 wheat acreage was 2,170,243 acres, an increase of 5.6 per cent over the preceding year. From this must be deducted 25.6 per cent abandoned this season.

Oats—Where a month ago many fields of oats gave little promise of being tall enough to harvest with binder there is now a bountiful crop. Condition is 93.8; one month ago, 83.4; one year ago, 41; two years ago, 98.1. Acreage is 79.4 compared with 1,143,753 acres seeded in 1911. However, of that crop only 529,188 acres were harvested.

Will Go to Illinois.

Mayor Arthur S. Robey and sons and his brother, W. L. Robey, will leave Tuesday evening for Neoga, Ill., where they will visit their sister, Mrs. Martha Baker, who is very sick. Before their return home they will also visit their mother, Mrs. Ella Robey, at Stewartson, Ill. Mayor Robey expects to be gone about ten days, and Frank Ewing, president of the council, will act as mayor.

Tourists to Denver.

Mr. and Mrs. Lee and Mr. and Mrs. John Chambers of Greenfield, Ia., auto tourists, stopped in Maryville Monday morning at the Linville hotel for breakfast. They are on their way to Denver, Col.

LAYMEN'S MEETING AT BOLCKOW.

Baptist Men of Northwest Missouri Will Gather There Saturday Evening.

Rev. Lee Harrel of the First Baptist church of this city announced Sunday that there would be no preaching services at that church the coming Sunday, on account of the Baptist laymen's meeting with the church at Bolckow, convening Saturday, which quite a number of men from the Maryville church will attend. There promises to be a large attendance from the Northwest Missouri district. Following is the program:

Saturday evening, A. L. Earnest, presiding.

7:30 p. m.—God's Plan for Saving a Lost World, H. B. Harris, St. Joseph, Mo.

8:00 p. m.—An Aroused Church at Home—(a) The Sunday School, O. V. Self, Savannah; (b) Young People's Society, J. J. Bullock, St. Joseph; (c) Woman's Work, C. E. Betts, St. Joseph. Laymen's Work, E. E. Tower, St. Joseph.

Sunday morning, E. T. Tower, presiding.

9:30 a. m.—The Sunday School—(a) Enlisting the Church in the School, J. J. Bullock, St. Joseph; (b) The Teacher's Source of Enrichment, A. L. Earnest, St. Joseph; (c) How to Hold the Boys and Young Men in the School, C. E. Betts, St. Joseph.

10:30 a. m.—A Challenge From High Heaven, J. S. Whittinghill, St. Joseph.

11:00 a. m.—Baptist Opportunity in Northwest Missouri, Ministry Jones, St. Joseph.

Sunday afternoon, H. B. Harris, presiding.

2:00 p. m.—Problem of Church Work—Interesting, Careless and Indifferent Members in the Work of the Church, Charles Hyslop, Maryville.

2:30 p. m.—How Can I Make My Church Greater—(a) Spiritual Force, I. J. Holt, J. M. Townsend Bolckow; (b) Missionary Force, Ministry Jones, St. Joseph; (c) Attracting Force, C. M. Bennett, Maryville.

3:00 p. m.—Problems of Church Finance—(a) In the Country, J. S. Whittinghill, St. Joseph; (b) In the Towns, L. W. Craig, Bolckow.

Sunday night, Ministry Jones, presiding.

7:30 p. m.—The Layman in Soul Winning, A. L. Earnest, St. Joseph.

8:00 p. m.—A Consecrated Life, E. Alden, St. Joseph.

8:30 p. m.—Fellowship and evangelistic meeting.

BARNARD WON ONE-SIDED GAME.

Defeated Maryville Ball Team Sunday Afternoon at Riffe's Park.

Barnard won the ball game Sunday by the score of 13 to 6, according to Manager Nusbbaum. The game was loosely played by Maryville, as four or five of the regular members of the team were out of the city. It was necessary for Manager Nusbbaum to pick up several men to fill out the team. Hopper and Clark were the battery for Maryville.

CHILD BADLY BURNED.

The Two-Year-Old Daughter of Byron Kemper of Near Clyde Playing With Matches.

The 2-year-old child of Mr. and Mrs. Byron Kemper, living three and a half miles northwest of Clyde, was badly burned Monday morning about 8 o'clock while playing with matches in an upstairs room of the Kemper home. Her clothing caught fire and the flames were put out by her mother. Dr. Stuckle of Clyde attended her and says that she is in a critical condition, nearly half of her body being burned.

WILL TEACH IN COLLEGE.

Miss Myrtle Sheldon Elected to Voice Department of Woodson Institute at Richmond.

Miss Myrtle Sheldon, daughter of Mr. and Mrs. E. B. Sheldon of this city, has been elected to the position of voice instructor in Woodson Institute, the South Methodist college at Richmond, Mo., and has accepted the place. Miss Sheldon is well trained for such work. She is a graduate of Howard-Payne college at Fayette, Mo., in the classic, music and vocal courses and has had successful experience in concert work with Howard-Payne college quartet.

Mr. and Mrs. W. C. Baker and little daughter, Winifred, of St. Joseph arrived Saturday night on a visit to Mrs. Baker's parents, Mr. and Mrs. William Langan.

Professor and Mrs. Ira Richardson went to Barnard Saturday morning to visit Mr. and Mrs. Schuyler Shields.

PRINCIPAL CHOSEN NO SKIDS FOR HIM

PROF. WESTBROOK OF DONIPHAN GETS POSITION IN SCHOOL.

AN EXPERIENCED TEACHER

Has Been Superintendent at Doniphan and Princeton—Manual Training Teacher to Be Selected.

At a meeting of the school board held Monday morning, Prof. Wellington M. Westbrook was selected as principal of the Maryville high school at a salary of \$1,200. Prof. Westbrook was superintendent of the schools at Doniphan, Mo., last year, and before that time was at Princeton, Mo. He has had several years' experience as a teacher.

Prof. Westbrook is a graduate of William Jewell college of Liberty, Mo., and is now attending the summer term of the state university. He is 30 years old.

The annual report of James B. Robinson as treasurer of the board was accepted and will be published in the papers.

The board will meet again on Wednesday night, when plans will be discussed about some repair work on the school buildings. They will also select a date for the opening of the schools.

The only vacancy now remaining in the faculty of the high school is a manual training teacher. The board will probably employ one at their meeting Wednesday.

CRITICIZED PRESENT ATTITUDE.

Rev. Hayden Spoke at Presbyterian Church on "The New Vision of the Church."

A problem of the most vital religious and sociological importance to this country was presented to the congregation of the Presbyterian church Sunday morning by Rev. Joel B. Hayden, in his sermon, "The New Vision of the Church."

Rev. Hayden criticized the present attitude of the church, with its total indifference to the social conditions of the laboring class, especially the ignorant immigrant peoples, resulting in indifference to the church and dangerous social radicalism on their part.

The new vision of the church, the movement in which Mr. Hayden is a pioneer, sees and recognizes the common brotherhood of man. The Presbyterian board of home missions, in selecting men to begin this new work, chose Mr. Hayden as one of two men from all the graduates of the Presbyterian theological schools this spring.

Mr. Hayden and his companion, formerly Miss Hazel Petty, will spend the next two years in Poland, studying the conditions of the Slavic people. Their purpose will be to find out what religious influences those people are under in their own country, whether they are an agricultural or industrial people, what they do for recreation and amusement, what influence the home-life has on the head of the family; that is: whether the husband stays at home with his family or seeks amusement away in company with other men.

Then the two will return to this country and work among the Slavs of our large cities. They will try to make the surroundings suit the needs and temperament of these immigrants, see that they are employed in familiar trades, educate them in the customs of this country, and give them agreeable religious influences. And as to this last, it is Christianity and not denominationalism for which they are working.

A movement such as this is a great work, and Mr. Hayden and his fellow worker are just starting it. But as it grows and more men are sent out and other churches take it up, it should prove to be one of the greatest of factors toward solving the industrial and social problems of the United States.

On a Visit Here.

Dr. Lefe C. Allender of Atlantic, Ia., arrived in the city Sunday for a two days' visit here with his parents, Dr. and Mrs. J. C. Allender, and to also join his wife, who has been visiting in the city with her parents, Dr. and Mrs. Wm. Wallis, Sr. They will return to Atlantic Monday evening. Dr. Allender is well pleased with his new location.

Took Daughter Home.

Mrs. G. W. Fencil of Holton, Kan., who has been visiting her daughter, Mrs. Vern Wallace, returned home Saturday morning, accompanied by Mrs. Wallace and her little son, who will spend the summer with her.

NO SKIDS FOR HIM

JUDGE MORRIS WON'T TRAVEL OUT OF OFFICE THAT WAY.

HE MAKES FEW REMARKS

Thinks Members of City Council Who Live in Glass Houses Should Not Indulge in Stone Throwing.

At the city council meeting to be held this evening the ordinance abolishing the office of police judge will come up. There is some question now as to whether the ordinance will be adopted, as it will be seen by the statement from Police Judge Morris, being an explanation of the matter, which follows:

Editor Democrat-Forum: I see an article in your paper of Saturday, July 6, 1912, which, in my judgment, does me a great injustice, and would not have been published if the writer had been familiar with the facts in the case. In regard to my not being able to qualify on account of being delinquent on taxes, I will say that my attorneys and myself were very careful to take every advantage of all little technical points that might arise in the police judge squabble.

My attorney, Mr. Robinson, is ready to make affidavit at any time that when he called on the city collector to find out whether I was owing the city any taxes or not that the collector, after looking the matter up, told him there were no taxes on the book against me. This was prior to the institution of the suit in the circuit court against the city council compelling them to issue my commission.

My commission was finally issued and I did qualify, and now hold the office of police judge.

We certainly cannot be held responsible for the mistakes of other officials.

The first I knew of there being any back taxes against me was July 3rd, when I called at the collector's office to pay my vehicle license, and was informed then by him that there was a little back tax against me for the year 1908. I looked up my receipts and found my receipt for that year for my taxes on real estate, but the personal tax, if included, was not marked personal. I immediately called on the collector and paid the amount claimed, and now hold his receipt.

With this statement you may draw your own conclusion in the matter. I have no fight to make on the members of the city council, more than if they gave out the statements that were published in the papers Saturday they did it through ignorance of the facts.

The fact is, that the majority of the members of the city council are in no position to take up these technical points of law, from the fact that they have not complied with the requirements of the same in filing their affidavits of expenditures in the election. We are credibly informed that Mr. Ewing and Mr. Moyer are the only members of the present city council that have ever filed such statements; the penalty for the violation of same being a one thousand dollars fine and disqualification of office.

We simply call attention to these facts as a hint that people living in glass houses should not throw stones. As was stated in one of the papers Saturday, the city council may, by their actions tonight, place the skids under the police judge, but it is a question of law whether or not the police judge will ride out of office on them before his commission expires.

Very respectfully,

J. W. MORRIS.

Police Judge.

Will Return to Mississippi.

Miss Maud Sheldon returned home Saturday night from Columbus, Miss., where she has charge of the millinery department for a department store. She will return to her position in the early fall. Miss Sheldon stopped in St. Louis on her way home and visited at the home of Mr. and Mrs. F. A. Rowley.

To Reside in Omaha.

Merrill J. Alderman left Sunday for Omaha, Neb., where he will reside, being secretary of the Nebraska Blau-Gas company, with headquarters in that city. Mrs. Alderman will join him in a week or so. Mr. Alderman disposed of his stock in the Alderman Dry Goods company recently to J. D. Frank of this city.

Returned From Vacation Visit.

Miss Mabel Hunt returned Sunday from a ten days' vacation visit with friends at Greenwood and St. Joseph.

MENU FOR BANQUET.

To Be Given at the Baptist Church by the Commercial Club Tuesday Evening.

A large attendance of the members of the Commercial club will be present at the club dinner to be given Tuesday evening in the basement of the Baptist church. The dinner will be served by the Ladies' Aid society. The following is the menu:

Fruit Frappe.
Chicken with Gravy.
Cold Sliced Tongue.
New Potatoes. Peas.
Salads. Pickles.
Ice Tea.
Ices. Cake. Coffee.
Etceteras.

WRITES ON ALFALFA.

S. M. Jordan Tells How to Raise a Crop in This County.

In an article in the Missouri Farmer, written by S. M. Jordan, manager of the Pettis county bureau of agriculture, he tells how to raise alfalfa. The following is the article as sent to this paper:

The seed bed—This is one of the highly important things in securing a stand and in maintaining it the first winter. Plowing should be done as far ahead of sowing as possible. In most soils deep fall plowing is preferable. If the ground was plowed in the spring it is commonly best not to re-plow in summer, where summer seeding is done. If plowing is done between July 1st and the time of seeding the ground should be thoroughly disced first, in order to avoid having clods on the seed bed bottom. These clods allow space that will fill with free water, making the plants more likely to freeze out in winter. The alfalfa seed bed should be well compacted on the bottom and perfectly pulverized on top. Where spring breaking was done and the land put to oats or to cow peas the disc harrow is commonly sufficient to work up the seed bed. I never knew too much work to be done on the seed bed.

The seed—Sow only prime seed. Have this tested for purity and for germination. Southern grown seed should be strictly avoided as it cannot withstand our severe winters. Seed from irrigated fields is not considered very safe.

At least twenty pounds of seed that test not less than 85 to 90 per cent germination should be sown. It is commonly best to sow half the seed going south and north, and the other east and west, as in this way one is more likely to get an even stand. If seed is broadcasted a light harrowing should follow. Seed to be tested may be left at this office—no cost for testing.

Inoculation of the soil—The soil must be inoculated or the alfalfa will die in a year or so. Soil from a successful alfalfa field or from the roadside where bakara or sweet clover is growing is best. Take the soil from near the surface and sow as grain at least from 100 to 500 pounds of the dirt per acre. This is best done on a dark or cloudy day, and as soon as sown the ground should be disced. Bright light or sunshine may kill the bacteria.

A rich soil—Don't try to start alfalfa on a badly cropper, foul or worn-out soil. If the land is not rich make it so before attempting to grow alfalfa. Sweeten the soil—So far as my tests have shown, practically all our Pettis county soil is more or less acid and alfalfa cannot grow in an acid soil. The test is simple and easily made.

How to sweeten the soil—Scatter before seeding at least 1,000 pounds of lime or 2,000 pounds of crushed limestone per acre. If your soil is sour and you do not sweeten it your efforts will be lost.

When to sow—From the middle of August to the middle of September is perhaps best. The earlier in the period the better, if weather conditions will justify. To sow as soon as the ground is right after a rain is better than just ahead of a rain unless it should so happen that the crust formed could be broken before the alfalfa was sprouted much, but this weather condition cannot be determined ahead of time.

Drainage—Keep in mind also that the land must be well drained—avoid "scapy" spots on hillsides.

The right sort of seed in the right sort of a seed bed in rich, sweet, well drained, inoculated land will surely mean success.

For further literature on alfalfa address the college of agriculture, Columbia, Mo., or the state board of agriculture.

Struck Marsh Gas.

On the first well at the Craig farm, which is being drilled by the city, marsh gas was found.

TO SHOW THE WORK

EDUCATIONAL MUSEUM TO BE ESTABLISHED AT THE NORMAL.

FOR PERMANENT EXHIBIT

Samples of the Work of the Schools of the Nineteen Counties of the Northwest District to Be Displayed.

Steps have been taken to establish an educational museum in the Normal school. It will be known as the Northwest Normal district educational museum. A large and elegant room on the fourth floor has been set apart for the purpose and the head of the department is the curator of the museum. An executive committee composed of J. H. Eckleberry, chairman; I. J. Voglesang, Miss Harriet Day, Miss Mattie Minter, Miss Anna Taggart, and President Taylor, ex-officio, has formulated the regulations for the museum.

The purpose of the exhibit will be to furnish a permanent place for the display of educational work done by the public schools of the northwest district. Any public school in the district may enter an exhibit, upon certification of the teacher as to the authenticity of the work done. Entrance blanks will be sent out to teachers for giving name, age and grade of pupil doing the work. When any piece of work is accepted and placed in the museum a certificate of award and merit will be sent the pupil doing the work. Thus it is proposed to show by counties and schools an exhibit of the character and extent of the work done in the district.

Cabinets and screens will be arranged for each of the nineteen counties in the district, and each piece of work will also be labeled with the name of the school where the work is done. Workmen will be put to work in a few days to get the museum in readiness for the fall term of the schools.

This museum will be of great educational value to students and teachers and of much interest to visitors. A book for registration will be kept at each county exhibit in the museum in which visitors can register their names.

PROSPECTING FOR OIL.

In the First Well They Are Down a Depth of 45 Feet—Struck Water and Rock.

Actual work started Saturday to prospect for oil at Hopkins. The first well was down to a depth of forty-five feet, water being struck eight feet down and rock at twenty-five feet. The intention is to go 2,000 feet down unless oil is struck before that depth. The first well dug on the Sheeley & Evans property, just two blocks west of Hopkins. A. C. Mendenhall of Chanute, Kan., has the contract to sink the wells.

DENVER AUTOISTS TUESDAY.

Scheduled for Monday, But a Day Behind—Will Be Met by Maryville Party.

The Denver automobile party, composed of the governor of Colorado and the mayor of Denver, with members of the Chamber of Commerce club of that city, will not be in Maryville until Tuesday, as they have gotten a day behind in their automobile schedule. They were scheduled to be in Maryville on Monday afternoon.

A party of Maryville men will meet the Denver party at Tarkio on Tuesday and will escort them to the city. Only a few minutes' stop will be made here. The autoists will proceed to St. Joseph, where they will spend the night. A number of members of the St. Joseph Automobile club will meet the Denver party at Maryville and will pilot them to St. Joseph. In the party from St. Joseph will be R. T. Forbes, W. P. Fulkerson, W. S. McLucas, W. W. Head, J. D. Richardson, Van Hall, E. C. Eads, J. Armstrong, E. T. Rhodes, E. A. Grassfield, C. Ashton, M. H. Reed, E. M. Lindsay, J. E. Corby, Carl Schmidt, J. G. Leslie, W. L. Goetz, F. L. Banes.

THE WEATHER

Unsettled weather with probably scattered local thunder showers tonight or Tuesday; not much change in temperature.

decision of the August primary.

We are authorized to announce that
B. Raleigh Martin of St. Joseph is a
candidate for the Democratic nomina-
tion for congressman from the Fourth
congressional district, subject to the
August primary.

For State Senator.

We are authorized to announce that
Anderson Craig of Maryville is a can-
didate for the Democratic nomination
for state senator from this district.

For State Senator.

We are authorized to announce that
O. B. Hudson of Worth county is a
candidate for the Democratic nomina-
tion for state senator from this dis-
trict, subject to the primary to be
held August 6.

For Representative.

We are authorized to announce that
W. B. Gex of Hughes township, is a
candidate for the Democratic nomina-
tion for Representative from Noda-
way county, subject to the primary on
August 6.

We are authorized to announce that
W. J. Skidmore of Monroe township
is a candidate for the Democratic
nomination for representative from
Nodaway county.

of Nodaway county, subject to the de-
cision of the Republican voters at the
August primary.

With the death of William L. Wat-
kins, on Saturday, editor and owner
of the Chillicothe Constitution, Mis-
souri loses one of her best newspaper-
men. He always stood for what was
best for the people and their interests.

Moving to Maryville.

Mr. and Mrs. R. C. Seal, who have
been making their home in St. Joseph
for nearly a year past, are returning
to Maryville to live. Mr. Seal is trav-
eling for a wholesale grocery house
of St. Joseph in this section and his
territory is such as to enable him to
sneak each night in Maryville. Mrs.
Seal will arrive in Maryville Monday
night and will be at the home of her
parents, Mr. and Mrs. C. L. Wright,
until they secure apartments.

WAR DECLARED.

Catarrh Germs Must Be Conquered or Health Will Be Destroyed.

If you have catarrh you must van-
quish an army of persistent, destruc-
tive microbes before you can get rid
of it.

You might as well choose your
weapons, declare war and annihilate
this army of catarrh germs right now.
Stomach dosing won't kill them;
neither will sprays or douches.

Hyomel, a pleasant, antiseptic
germ destroying air breathed over the
entire membrane will put catarrh
germs out of business in short order.
Hyomel (pronounce it High-o-mel)
is guaranteed by the Orear-Henry
Drug company to end catarrh, asthma,
bronchitis, coughs, colds and croup or
money back. If you own a little Hyo-
mel hard rubber pocket inhaler you
can get a separate bottle of Hyomel
for only 50 cents. If you haven't an
inhaler buy a complete outfit that only
costs \$1.00.

On Trip to Indiana.

Jesse B. Alumbaugh, who has re-
cently located in Maryville, and lives
at 1102 East Thompson street, left Sat-
urday night for Indiana on a business
trip. He will look after his fruit farm
near Anderson and other business at
Morgantown. He will also visit his
old home at Crawfordsville, where he
has land interests, and will remain
there and build an eight-room modern
residence, which he will have in readi-
ness for his family this fall or early
next spring. Mr. Alumbaugh is 75
years old and is in the best of health.
He says he wants to build one more
house in which to spend his declining
years.

Kansas Visitors Here.

Mr. and Mrs. John Dempsey of Kan-
sas City are visiting Maryville friends.

News of Society and Womens' Clubs

Mrs. Sanders Will Entertain.

Mrs. R. G. Sanders has issued invi-
tations for Wednesday afternoon,
complimentary to Miss Grace O'Malley
of Albany, who has been her guest for
several days, and Miss Retta Sanders
and Miss Jessie Ludwig of St. Joseph,
who will arrive tonight.

Monday Evening Luncheon.

Mrs. Luther Forsyth will give an in-
formal luncheon Monday evening in
compliance to their cousin, Miss Malda
Michau of St. Joseph, the company in-
cluding the relatives: Miss Michau,
Mrs. Lavencour Michau, Mr. and Mrs.
Edward L. Townsend, Mr. and Mrs.
Ferdinand Townsend.

Visited New Engelberg Abbey.

Miss Lou Cunningham, Miss May-
bird Parrish, Miss Emma Jane Cran-
dall, Miss Eva Stubbs and Mr. Mark
Basford went to Conception Sunday
morning, where they were joined by
Miss Helen Purcell, Dr. Clyde Todd,
Mr. Clarence Lierly, Mr. Galen Lewis
and Mr. Russell Wilson, and all went
to New Engelberg Abbey church at
Conception and spent the remainder
of the day visiting the beautiful build-
ings there.

Visitors at Whitney Home.

Dr. and Mrs. A. H. King of Coin,
Ia., and Mr. and Mrs. James Coursen
of Marengo, Ill., were all-day visitors
Sunday at the home of Mr. and Mrs.
Harry Whitney. Mrs. King is a sister
and Mrs. Coursen a cousin of Mr. Whit-
ney. Mr. and Mrs. Coursen were
schoolmates of Mr. Whitney's back in
Illinois, and they had not met before
in forty-three years, and although Mr.
Whitney's blindness forbade seeing the
faces of his old schoolmates, their
voices and the stories of old school
days were delightful to him and his
guests, and their faces came back to
him in memory and he lived the old
days over with as much pleasure as
they.

Reunion of Lyle Family.

The annual reunion of the descend-
ants of Hugh Lyle, who was a pioneer
resident of Nodaway county, was held
Sunday in the grove of the old Lyle
home, built in the forties, four and
one-half miles east of Graham. The
place is now occupied by a grandson,
Samuel Lyle, and family. The reunion
was held a little earlier than usual
because of the near departure of Fred
Lyle and his family for Houston,
Texas, near where they will locate, and
of Hutchinson Lyle and his family for
Colorado Springs, Col., who are here
on a visit and will soon return there
to make it their permanent home, hav-
ing just completed a year's trial re-
sidence there.

For Out-of-Town Guests.

Mrs. George P. Bellows gave an in-
formal card party Monday afternoon
for the pleasure of Miss Grace O'Mal-
ley of Albany, who is the guest of Mrs.
R. G. Sanders, and Miss Malda Michau
of St. Joseph, the guest of the Town-
send, Michau and Forsyth families.
Mrs. Bellows' guests included, among
others, some of the members of the
Entre Nous club, of which Miss O'Mal-
ley was a member during her resi-
dence in our city two years ago, others
having also moved from the city.
Those present were Miss O'Malley,
Miss Michau, Mrs. Ferdinand Town-
send, Miss Laura Barmann, Miss
Marie Brink, Miss Elise Jackson, Miss
Maude Bainum, Miss Anna Bainum,
Miss Brownie Toel, Miss Kittle Grems,
Miss Rena Sturm, Miss Grace Sturm,
Miss Esther Shoemaker, Miss Hazel
Ritchie, Miss Helen Welch.

Met With Miss Ethel Cook.

The Berean class of the M. E.
church, South, Sunday school met Sun-
day afternoon at the home of Miss
Ethel Cook, south of Maryville, com-
mentary to Miss Alpha Hinkle, a Con-
servatory student and member of the
class, who will soon return to her
home. A short business session was
held, when the class decided to give
an ice cream social on the court-
house lawn, Thursday night, July 18.
After a program of readings by Misses
Cassie Abshire, Benola Wrightman
and Lettie Chappell and piano num-
bers by Misses Alpha Hinkle and
Ethel Cook, and a vocal duet by Misses
Beulah Abshire and Ethel Cook,
games were played and refreshments
served, when Miss Dora McKenzie took
several pictures of the class. The
class will meet again in three weeks
with their teacher, Miss Eva Ashford.
Those present Sunday afternoon were
Miss Ashford, Misses Alpha Hinkle,
Cassie, Mattie and Beulah Abshire,
Dora McKenzie, Alice and Lettie Chap-
pell, Neta Bagby, Zenobia Wrightman,
Ethel and Mabel Cook.

Brought to Hospital.

Bert Moore of Clearmont was
brought to St. Francis hospital Mon-
day by his physician, Dr. W. B. Hery-
ford. He is suffering from an attack
of appendicitis.

OPERATION WAS FATAL.

Son of Rev. A. M. Reynolds of St. Jo-
seph Died in Kansas City Hos-
pital Friday Afternoon.

Mrs. W. J. Staples and son, Harold
Staples, went to St. Joseph Sunday
morning and spent the day with Rev.
and Mrs. A. M. Reynolds at their home
in Maxwell Heights. Their son, Earle
Melville Reynolds, died in the Uni-
versity hospital at Kansas City Fri-
day afternoon, following the opera-
tion of trepanning of the skull, made
necessary by an injury the young man
received while in the U. S. naval ser-
vice a few years ago. Mrs. Staples re-
mained for the funeral services, which
were held at the family home Monday
afternoon at 2 o'clock, conducted by
the Rev. D. A. Shetler and the Rev. D.
M. Claggett, Presbyterian ministers of
St. Joseph.

Earle Reynolds was 24 years old.
He was born in Columbus, Kan., and
was educated in the schools of Mary-
ville, where his father, Rev. A. M. Rey-
nolds, was pastor of the First Presby-
terian church for several years, and
then in the Topeka, Kan., and later
St. Joseph high schools, where he was
graduated, his father being pastor of
Calvary Presbyterian church of St. Jo-
seph at that time. The young man is
survived by his parents and a sister,
Mrs. A. S. Buck, who lives at 2612 East
Twenty-third street, Kansas City.

Protection from loss by windstorms,
fire or lightning is business, either in
country or city. You owe it to your-
self and family. Consult me now for
special rates and terms, or phone me
and I will call.

CHARLES HYSLOP,
General Agent.

The Greeson Funeral.

The funeral services for the Rev.
John W. Greeson, who died Friday
evening at the home of his son, George
W. Greeson, southwest of Maryville,
were held Monday afternoon at 2:30
o'clock at the First Baptist church of
this city, conducted by the pastor,
Rev. Lee Harrel. The burial services
were conducted by the Masonic lodge
of this city.

For sale by Orear-Henry Drug Co.

Nodaway Chautauqua

Normal Park--Maryville, Mo.

AUGUST 10 to 18, 1912

THE assembly this year is the first under the manage-
ment of THE NODAWAY CHAUTAUQUA
ASSOCIATION. This association includes over 150 of
the leading business men and farmers of the best county in
Missouri. The program has been selected by the Pro-
gram Committee of the Board of Directors, and promises
to be the best ever given in Maryville. This Chautauqua
merits the enthusiastic support of every citizen of Noda-
way county. Season tickets will be placed on sale at the
various stores in Maryville July 15th. These tickets will
be sold for \$1.50 up to and including August 3. After
that date the price will be \$2.00. Orders for tents should
be placed at once with the manager. Remember the rush
for tents last year and the inability of the management to
supply the demand. If you want to be sure of getting a
tent, order now. The program books are now on the press
and will be out soon. Send postcard for booklet. Orders
for tents or tickets should be addressed to

P. O. LANDON, Manager

W. M. OAKERSON, Pres.

Continued Sale of Household Goods

Have a few articles of Household Goods for sale
yet, including folding bed, No. 1 sewing machine,
china closet, dresser, dining table, carpet and various
other articles; wish to close out; come and buy
them at your own price. Same place.

O. A. Dodge.

Per J. N. Bryan.

DR. WOODSON'S APPLES.

Says His Crop Will Not Be as Big as
Last Year, But Fruit Will Be
of Better Quality.

Dr. C. R. Woodson, who last year
picked 200 car loads of apples from
his orchard, near Agency, said this
morning that his trees this year will
yield about two-thirds as large a crop
as last. The apples will be larger than
last year, but there will not be so
many of them.

"It would be very unusual if the
crop this year was as good as that of
last," he said, "and I consider myself
fortunate to get as many as are now
in sight. My orchard is in the pink of
condition, well cultivated, and the
trees are well pruned, and have been
thoroughly sprayed three times.

"I shall install an evaporating plant
and cider mill, with a capacity of 500
bushels a day, with a view to taking
care of windfalls in my orchard, and
those of my neighbors. I expect to
have them in working order by the
middle of next month."

Clearmont Won.

In the base ball game Sunday af-
ternoon at Clearmont between that
team and Hopkins, Clearmont won by
a score of 4 to 3.

Here on Business.

Mrs. W. H. C. Davis of St. Joseph
was in Maryville Monday afternoon on
business. Mrs. Davis is the widow of
Dr. W. H. C. Davis, who died recently
in St. Joseph.

Jeff Garrett is the new proprietor of
the barber shop in the basement of the
Nodaway Valley bank building.

For Sale or Trade.

320 acres near Melrose, New Mexico,
a good live town of 1600. Owner too
old to work. Will trade for Maryville
business or property. See John Han-
sen.

MISSOURI'S SCHEDULE COMPLETE

Tigers Will Play Eight Football
Games, Five at Home.

Columbia, Mo., July 6.—Practically
all arrangements have been made for
the University of Missouri's football
games this fall. The schedule has been
made out, all the contracts have been
signed and a tentative list of officials
has been chosen for each game. Fif-
teen have been picked for each game,
out of which the referee, umpire and
head linesman will be chosen.

It was feared that one game on the
schedule—that with Nebraska—might
have to be cancelled. Michigan uni-
versity wanted a game with the Corn-
huskers on the same day Missouri
asked for, but Nebraska gave the date
to the Tigers in preference to the Wol-
verines.

The schedule for the Missouri team
calls for eight games, all but the first
two hard ones. The schedule is as fol-
lows:

September 28—Central at Columbia.
October 12—Rolla at Columbia.
October 19—Ames at Columbia.
October 26—Oklahoma at Norman.
November 2—Nebraska at Columbia.
November 9—Drake at Des Moines.
November 16—Washington at Colum-
bia.
November 23—Kansas at Lawrence.

Vehicle Tax

The vehicle tax, as provided by or-
dinance 544, including all vehicles op-
erated in the city, from the big auto-
mobiles to the pony cart, is in effect
this first day of July and must be
paid at once, as a heavy penalty is at-
tached for non-payment.

J. G. GREMS,
City Collector.

Mrs. W. H. Totterdale and Mrs. Isa-
bel Worst went to Milan, Mo., Satur-
day night to visit their sister, Mrs.
Margaret Baleridge, until Wednesday.

Alderman Dry Goods Co.

A Once-In-A-Great-While Opportunity--

\$3 New American Lady Corsets for \$2.50

The virtues of the American Lady Corset need not be told here—their many good points are known by nearly every woman. American Lady Corsets sell at regular prices year in and year out except, as in this case, when some unusual cause forces a reduction.

The factory shipped us more \$3 corsets than we ordered and, consequently, we have more than we wish to carry. Rather than ship them back we have decided to reduce the price and dispose of them here.

Every corset is new and clean. The materials are coutil and batiste. About six different models to select from. Styles for slender, medium and stout figures; all sizes.

We offer this regular \$3 grade for a short time only—

\$2.50

\$2 Extra Large Bed Spreads for \$1.75

Honeycomb Bed Spreads in an extra large size, 81 by 90 inches. In two styles—cut corners with fringed edges, or scalloped. Regular \$2 grade, special for..... \$1.75

Wash Goods at 19c

This assortment of Wash Goods we are selling at 19c is the best wash goods value we have ever offered. Every piece is new; all the latest designs are included. The regular prices would be from 25c to 39c a yard—choice now for... 19c

MUCH HEAT IN LORIMER DEBATE

McCumber, of North Dakota Indulges
in Fiery Oratory.

BITTERLY ARRAIGNS REP. WHITE

Chairman Dillingham, of Investigating Committee, Says Illinoisan's Election Did Not Depend Upon Corruption.

Washington, July 8.—In a speech in defense of Senator Lorimer in the senate, Senator McCumber of North Dakota shouted oratorical fire.

"It would be political murder," he shouted, "if the senate should expel the statesman from Illinois."

Wrought up by the injustice, in his opinion, of the retrial of Lorimer, Senator McCumber declared that Lorimer would be morally innocent if he killed Representative Charles A. White.

The latter's offense was that he alleged in a confession that he had been paid money to vote for Lorimer. The only reason White was now alive, the North Dakota senator asserted, was because of the "patience and forbearance of the man he offended."

Jury Packed, He Says.

"This movement against Mr. Lorimer," declared Senator McCumber, "is dominated by public sentiment, and a trial on the law and the facts is impossible."

There could not be an unbiased verdict by the membership of the senate, he said. Members of that body had already gone on record with votes to the effect that Lorimer had been elected through the use of "corrupt methods and practices."

Chairman Dillingham of the investigating committee led off in the debate. He pointed out that a majority of the committee believed the election of Lorimer did not depend upon corruption of any kind. He asserted that Lorimer had great popularity in Illinois, but that in his political career he had aroused animosities.

Why Lorimer Was Popular.

Senator Lorimer's great activity in advocating the Lakes-to-the-Gulf Water way project was the medium, Dillingham insisted, through which he obtained his non-partisan strength. The movement, he said, was not political.

Senator Meyers of Montana made a vigorous argument favoring Lorimer's expulsion. He said such action would be justified by the law and the facts.

"There was only one thing lacking in the demonstration that followed Lorimer's election," Senator Meyers said. "The Stars and Stripes should have been removed from the flagstaff over the Illinois capitol building and the red flag of the auctioneer substituted for it. The red flag should flaunt there until the senate is purged of the presence of Senator Lorimer."

"It was a sign that something was wrong when Lee O'Neil Browne said he had 1,000 reasons for voting for Lorimer."

"I am satisfied that he did have one thousand reasons and that they were in his pocketbook. Each one bore the imprint of the American eagle and the motto: 'In God We Trust!'"

KANSAS WANTS HARVEST HELP

After Reports of Too Many Laborers,
Come Calls From Many Counties
Asking for More.

Topeka, July 8.—The Kansas free employment bureau is still very busy rustling hands for the harvest fields. This time last year the bureau was using every effort to keep harvest hands from coming to the state, the harvest being virtually over by the first of July, owing to the extreme dry and hot weather.

This year a peculiar run of circumstances has made one of the hardest of the history of the bureau.

Two weeks ago telegrams and letters were being received from various counties in the wheat belt instructing the bureau not to send any more harvest hands. Now calls are being made from nearly a dozen counties asking for more help.

White Slaver a Suicide.

Guthrie, Ok., July 8.—Arrested on a "white slave" charge, his own wife being the alleged victim, Clyde McKenzie of Frederick committed suicide by drinking water in which he had soaked the heads of matches. When his case was called at Elk City for trial he became suddenly ill and soon died.

Four Dead in Timbermen's Riot.

Lake Charles, La., July 8.—Four men were killed and four wounded severely in a fight between union and non-union timber workers and guards employed by a lumber mill at Grabow, La., a mill town, 50 miles from here. The sheriff has been authorized to call out troops.

Long March Ends.

Sparta, Wis., July 8.—The provisional regiment of infantry which started on a 300-mile march from Dubuque, Ia., June 4, has just arrived. No speed records were broken in the 33 days travel, but much valuable information about new equipment and new tactics was gained.

OROZCO GAVE HIS ORDERS IN BED

Lazy, But Still Defiant, Will Start
Guerrilla Warfare.

TO RAVAGE ENTIRE COUNTRY

Says He Will Leave Mexico Devastated and Desolate—Mutterings of Mutiny Among Rebel Troops.

Orozco's Headquarters, Sauz, Mex., July 8.—Still sullen and morose but none the less determined to continue in defiance of the constituted government, Gen. Orozco lolled in his bed, giving final orders of the inauguration of the guerilla warfare, which he proposes to wage "until Madero is forced to resign."

Orozco admitted that he had finished with organized warfare.

"From now on we will fight, but after the manner of guerillas," said he. "We will engage in no more pitched battles. We will leave behind us a region devastated and desolate."

Soldiers Dissatisfied.

Juarez, Mex., July 8.—Serious disorder prevailed in Juarez all night among the 2,500 troops mobilized here. Talk of a probable mutiny was frequently heard in the streets. Some of the soldiers objected to being sent away without a respite of at least several days here. Col. Pascual Orozco, Sr., in command here, says they will be forced to leave at once.

All gambling houses and saloons were closed at 6 o'clock as a precaution. Many of the troops intoxicated earlier, however, continued to quarrel in the streets.

Huerta Welcomed.

Huerta's Headquarters, Chihuahua, Mex., July 8.—Triumphantly Gen. Victoriano Huerta, commander-in-chief of the government forces in northern Mexico rode into the city of Chihuahua, just four months under rebel control.

The entry of Huerta's army reduced the high nervous tension under which foreign residents had lived ever since rebel reverses in this section began. The reaction found expression in a general welcome which was little less than an ovation.

Arrest American for Spy.

Juarez, Mex., July 8.—Morris Buttner, an American immigration officer, was arrested here accused of being a Maderista spy. He was released after Luther Edwards, the American consul, had conferred with Col. Pascual Orozco, Sr., in charge of the garrison. Buttner's business in Juarez had to do with checking Chinese immigration into the United States.

Lawyers on Strike.

Milan, July 8.—Attorneys here are on a strike, the first walkout of lawyers in history. Unable to obtain from the judges of Milan certain reforms in legal procedure that they desired, the attorneys called on the various magistrates and declared that not a single one of their number would appear in any court until their demands were granted.

Capital Water Plant Sold.

Jefferson City, July 8.—The Jefferson City waterworks plant was sold to an Eastern syndicate represented by J. N. Chester of Pittsburgh, Pa. The price is believed to have been \$153,000. This plant has changed owners three times in the last 15 months.

First New Wheat.

Arkansas City, Kan., July 8.—The Arkansas City Milling company purchased the first load of new wheat here. The price paid was 93 cents. The wheat was No. 2 hard and tested 61 to 62 pounds a bushel.

WOMAN'S LIFE SAVED BY HER DOG

Overcome by Flames, She Was
Dragged From House Into Yard
by Faithful Collie.

San Francisco, July 6.—Omega, a collie, saved the life of his mistress here by dragging her unconscious body from a burning bungalow.

Mrs. Van Daggett, owner of the dog, was in her room when the collie came dashing in and began tugging at her dress. She followed and on reaching the lower hall found the house in flames. She ran up to her room again to save some jewelry and was overcome.

When his mistress did not reappear Omega dashed into the house and dragged the unconscious woman to the yard.

Killed Mother as She Slept.

Washington, July 8.—Mrs. Mary E. Wehrkamp and her daughter, Katharine Wehrkamp, believed to have been related to the Knabe family, piano manufacturers, were found dead from asphyxiation. The daughter turned on the gas while her mother slept and then lay down to die.

Mine Explosion Kills Nine.

Reno, Nev., July 8.—Nine men were killed in the Nevada Consolidated mine. One or two were injured. The accident was caused by a premature explosion.

ALASKA IS AGAIN SEVERELY SHAKEN

Fairbanks Reports the Most Severe Shocks Ever Known.

ONE MAN SUFFOCATED IN A MINE

Tremors Recorded all Over the Country—Vibrations so Great Capacity of Seismographs Was Exceeded in Many Places.

Fairbanks, Alaska, July 8.—The most violent earthquake ever known here took place at 10 o'clock p. m., the earth rocking continuously for 40 seconds. Less violent shocks occurred throughout the night.

Louis Andresen, foreman of a mine on Dome creek, was killed as the result of the earthquake. He was suffocated beneath a huge slab of rock which the quake loosened from the roof of the mine.

Shakes Needle Off Paper.

Seattle, Wash., July 8.—Violent disturbances lasting from 12:01 to 2:06 a. m., were recorded on the seismograph at the University of Washington. The heaviest shock was from 12:06 to 1:15, with the most intense vibration of this shock between 12:06 and 12:15, at which time the needle ran clear off the paper.

Heaviest Ever Recorded.

Lawrence, Kan., July 8.—Heavy earth shocks 79 minutes in duration were recorded on the seismograph at the University of Kansas beginning at 1:15 a. m.

The vibration marks of the heaviest part of the shocks were 3 1/2 inches across the instrument, the most violent known since installation five years ago.

Worst Since 1906.

Washington, July 8.—The heaviest earthquake shocks since the San Francisco disaster of 1906 were recorded on the seismograph at the Georgetown university observatory. The tremors continued from 3:07 until 5 a. m. The heaviest shock, at 3:41 a. m., threw two needles completely out of scale and registered 95 millimeters on another dial.

Lastest Over an Hour.

St. Louis, Mo., July 8.—The seismograph at St. Louis university recorded a disturbance of unusual endurance and severity, calculated to have occurred probably on the Alaskan peninsula. The instrument commenced recording at 2:05 o'clock. The vibrations continued unabated until 3:56 o'clock. The "curves" measured 10.5 millimeters at the point of greatest disturbance, being the longest since the instrument was installed three years ago.

CIVIC EXPERTS AT LOS ANGELES

Eighteenth Annual Convention of National Municipal League in Session.

Los Angeles, July 8.—Civic experts and publicists from all parts of the country are here for the eighteenth annual convention of the National Municipal League, which was opened today by Gov. Hiram Johnson of California. The sessions will continue until July 12. Mayor Alexander of Los Angeles made a welcoming speech and Dr. Albert Bushnell Hart of Harvard responded on behalf of the league.

In addition to its active membership of over 2,500 men and women, the majority of whom are prominently identified with local and national movements for the betterment of civic conditions, the National Municipal League has enrolled various associations, giving it a total membership exceeding 190,000.

"Expert City Planning," was the theme of an important address today by William Dudley Foulke, who succeeded ex-Attorney General Charles J. Bonaparte as president of the league. After the business meeting tomorrow Secretary Woodruff will discuss "Simplicity, Publicity and Efficiency in Municipal Affairs." This will be followed by a discussion on "Commission Government for Large Cities," led by Prof. William Bennett Monroe of Harvard university. In connection with this discussion, the proposed Los Angeles charter, which has been drafted by a commission and will be submitted to a popular vote next year, will be taken up. Los Angeles is the first of the larger cities to consider seriously the question of commission government.

An important feature of the convention is a civic exhibit treating of comprehensive city planning, traffic and transportation, harbor and terminal facilities, water supply, street systems, parks and boulevards, civic and social centers, school work, housing and sanitation, child welfare, civil service, municipal charters, municipal taxation and franchises.

Whist League Congress Opens.

New York, July 8.—The twenty-second congress of the American Whist League opened this afternoon at the Hotel Majestic, President Ellsworth Elliot, Jr., in the chair and the leading players of the game present from all parts of the country. Handsome prizes for the various contests have been provided, in addition to the regular trophies.

WOODROW WILSON, GOLFER

The Democratic nominee for the presidency is a good golfer, better, perhaps, than President Taft, and when not burdened with the cares of state golf is his favorite pastime.

CRIMINAL CHARGE IS DROPPED

DR. MAGEE TO BE TRIED ONLY FOR MISCONDUCT.

Prosecuting Attorney Believes Evidence Not Sufficient to Convict Fulton Asylum Physician.

Fulton, Mo., July 8.—John R. Baker, prosecuting attorney, has announced that he will dismiss the charge of criminal attack preferred against Dr. R. S. Magee, former chief staff physician of the Fulton state hospital, in the indictment returned by the Callaway county grand jury, when the case comes up for trial.

Dr. Magee will be tried on a charge of official misconduct named in an indictment returned by the same grand jury, but which was withheld until Friday, when it became apparent that the other charge would not hold. The decision to withdraw the attack charge was largely due to the doubt surrounding the insanity of Mrs. Jessie Cerovich, named in the indictment.

The woman was released as cured soon after Dr. Magee left the hospital and soon after the indictment was returned by the grand jury. It was pointed out that the defense would use the allegation that the woman was not mentally unbalanced at the time the alleged assault was said to have taken place.

Dr. Magee has arrived in Fulton from his home in Green City, Sullivan county. Sixty witnesses have been summoned for the trial.

FIRE COST PACKERS \$250,000

Twenty-Five Firemen Injured at Morris Plant—Three Hundred Men Temporary Idle.

Kansas City, Mo., July 8.—Twenty-five firemen were injured, one probably fatally and others severely, in a fire which did \$250,000 damage at the Morris & Co. packing plant. The fire was in the north part of the east main building. Entire companies of firemen were overcome by smoke and fell unconscious at their work. The packing house barn was converted into an emergency hospital with five doctors in attendance.

The building damaged is about 260x 700 feet and six stories tall. The fire started in the northeast corner of the fourth in the leaf lard cooler. The lard cooler, the beef casing department, the fat and bone departments and the beef killing beds burned. Three hundred men will be out of work temporarily.

The fire is believed to have been caused by a hot motor.

S. C. Frazee, superintendent of the plant, said the building probably would be rehabilitated without delay.

MANY HEAT DEATHS IN CHICAGO

Ten Fatalities and Twenty-Two Prostrations Reported in One Day.

Chicago, July 8.—Temporary relief from the three-day hot wave came when a lake breeze caused the mercury to drop from 90 to 75 in a few hours. Later the breeze died out and the thermometer began rising again. There were ten deaths from the heat and 22 prostrations so far reported. Heat crazed dogs bit 15 persons.

Ask Electors for Statements.

Topeka, June 8.—Fred Stanley, the new Republican national committee man from Kansas, has written a letter to all the candidates for the Republican presidential electors asking them whether or not they would support Taft in case they were nominated. Nine Roosevelt and nine Taft men are on the Republican ballot.

Trolley Wreck Kills Three.

Marion, Ind., July 8.—Three persons were killed and more than a dozen severely injured in a head-on collision between two trolley cars on the Marion, Bluffton & Eastern Traction line here. The cause is unknown.

Yuan Knows His China.

President Yuan Shih-kai of the Chinese Republic is still the shrewd, careful, and diplomatic Oriental. A special cable dispatch from Peking describes Yuan's first presidential address and gives quite a pleasant thrill as it describes how the president of China has decided that the new republic must set aside the traditions of the empire and hire foreigners to place the new fiscal policy on a Western foundation.

So far, so good. But the farsightedness of Yuan in taking this apparently bold stand is seen to be largely "policy," for, after all, his new republic cannot get on the great loan it so sadly needs unless the terms of the bankers making the loan are carried out.

These terms provide for foreign "assistance," to say it diplomatically, in using the money when China receives it. So Yuan, after all, knows what he is about when he hails foreign advice in placing the fiscal scheme of China on a Western foundation.

Inventions of Esquimaux

A collection of Esquimaux inventions now on exhibition at the Alameda College, San Francisco, substantiates the claim that the Esquimaux is the most able inventor and skilled engineer among uncivilized people. In support of this the collection includes the first form of the oil heater and cook stove, water-tight boat, arch used for building purposes, and waterproof overcoats, as well as the most perfect types ever developed of the fish spear, spear thrower and harpoon. The smoking pipes form a link with Asia and their carvings with prehistoric Europe.

Proper Point of View.

Secretary Wilson of the department of agriculture was praising in Washington the agricultural school at Cornell. "It is a practical school," he said. "It wastes no time on useless things. It teaches practical and scientific farming. The school's viewpoint reminds me of the young farmer who was asked: 'Which should you say—a setting hen or a sitting hen?'"

"It's immaterial which one says," the farmer answered. "But it's tremendously material, on the other hand, that we should ask ourselves when a hen cackles—'Has she been laying, or is she lying?'"

Gunboat a Hoodoo.

The old gunboat Bennington, which was one of the early vessels of the new navy, and whose career caused her to be regarded as a hoodoo ship, is reported from California to have been sold to the Mexican government. It was while lying in San Diego harbor some years ago that one of her boilers burst, killing five of the crew and seriously wounding a score of others. Soon afterward she was sold for old junk, and the junk men, after removing her fixtures, endeavored to blow out her interior portions with dynamite.

Their Special Locality.

"Mom, the doctor says Cousin Sally has the shingles." "Poor thing!" "Mom, are they in the roof of her mouth?"

Saved the Canvasbacks.

The last duck that we saved from starving to death by the local trolley employees, who caught and fed them last winter, was shipped to New York city recently, consigned to one of the many parks in that city.

Some time ago three canvasbacks were shipped, but the one that was sent recently was not strong enough, so it was kept here longer. When the lake was closed by the ice last winter many of these ducks were frozen to the ice and others became so far famished that they were unable to fly. The trolley men running between here and Branchport when they saw the birds in such a condition took them to the power house and fed them. The majority were freed after the ice broke, up, but the four largest were shipped to New York city.—Penn Yan Correspondence Rochester Union and Advertiser.

Miss Edith Patterson and Miss Vesper Nicholas, State Normal students, were week-end guests of Mrs. Oscar Kennell, living north of Maryville.

ANSWERS THE CALL.

Maryville People Have Found That This Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks, A medicine that has cured thousands.

Is Doan's Kidney Pills. Thousands of people rely upon it. Here is one case:

Rev. I. R. M. Benson, Savannah, Mo., says: "I still have great faith in Doan's Kidney Pills and gladly confirm all I said in my endorsement of this remedy that was given two years ago. I have taken Doan's Kidney Pills and have found them very effective in toning up the system and removing trouble, caused by the kidneys. I can strongly recommend this preparation to all kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NO STORY HOUR TUESDAY

On Account of the Sickness of Miss Ada Albert.

Miss Ada Albert, who has been conducting the Tuesday morning story hour at the library, is still sick and will not be able to entertain the children Tuesday morning. Miss Albert is suffering from a nervous breakdown and was taken to St. Francis hospital Sunday evening. She will remain there this week, and hopes to be able to conduct the study hour a week from Tuesday.

Barco's Band.

It was Barco, Teddy Barco, playing on his horn. The horn was old and battered, with one key missing, every joint was wrapped with tape, and there was no mouthpiece; but that didn't worry Barco, for he could hum and sing through it just as well.

"Come on, Barco, give us a tune," someone said.

"Can't do it."

"Yes you can. Play for us and then pass the hat."

Barco played and passed the hat. His eyes sparkled, and there were two big dimples in his cheeks as he put 13 cents into his pocket. His audience was enthusiastic, too, and grew rapidly. Barco continued to play and pass the hat until he had 69 cents, then he started to leave.

"Come on, Barco, one more tune and you can have this nickel."

"Nope, got all the money I want—a whole handful."

"Play some more, Teddy, and we'll make it even 75 cents."

"Can't do it," and Barco went home.

Spoke at Normal Assembly.

Rev. S. D. Harkness of the Presbyterian church spoke at the assembly at the Normal Monday morning. He took for his subject "The Great Refusal." It was a very interesting talk. Another visitor at the Normal assembly was Rev. Joel Hayden.

To Go to Chicago.

Dr. G. A. Nash of this city and Dr. F. M. Ryan of Quitman will leave Monday evening for Chicago to spend a week resting and having a good time.

Normal Supplies, special prices at Crane's

Mr. and Mrs. Roland Wray and children of Pickering were in Maryville Saturday visiting friends and relatives.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 25 cents. Guaranteed by the Orear-Henry Drug Co.

Insect Bite Costs Leg.

A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Arnica Salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25 cents at the Orear-Henry Drug Co.

Electric Bitters

Succeed when "everything else fails." In nervous prostration and female weakness they are the supreme remedy, as thousands have testified. **FOR KIDNEY, LIVER AND STOMACH TROUBLE** it is the best medicine ever sold over a druggist's counter.
